MR. AND MRS. AL MORGAN read scroll they were presented at a recent dinner meeting of the Sierra Madre Chamber of Commerce. At right is Robert Green, new Chamber president who succeeded Mr. Morgan following his resignation. Mr. Morgan, former vice president of the Bank of Sierra Madre, is now in the real estate business in the Lucerne Valley. Both Mr. and Mrs. Morgan were presented gifts from the Chamber in appreciation of their services to the Chamber of Commerce here.

Rangers Hunt Canyon Firebug After Second Blaze In Week

Burned-Out Flare Discovered at Scene

An all-out search was under way this week for an arsonist who set fire to five acres of canyon brush in Sierra Madre last Thursday.

Discovery of the blaze about 2:15 Thursday afternoon sent rigs and crews from the entire area racing to the scene.

The fire started near Lannon Dam, above the Sierra Madre Ranger Station. Investigators at the scene found a burned out fuse at the foot of a steep hill. A 20-foot-wide burned out path led up the hillside to the ridge above, where some five acres were burned out.

Crews from Sierra Madre, Arcadia, the U.S. Forest Service and the county had the blaze under control at about 7 p.m., five hours after it was discovered.

The fuse, an incendiary device used for backfiring and emergency warning purposes, was so placed as to allow the arsonist some time to flee before the fire erupted.

Its discovery brought the flat assertion from U.S. Forest Service investigators that the blaze was "definitely arson."

Veteran mountain men here saw a possible connection between Thursday's fire and the blaze July 6 some distance higher in Santa Anita Canyon.

They were reluctant to believe the story of a 16-year-old mental patient who said he started the fire by striking two stones together.

"I could knock two stones together all day long and never start a fire," one of them said.

Another fact lending support to the theory that the same firebug set both blazes is the fact that the second fire was within a few miles of the first.

The blaze July 6 burned off 40 acres before it was controlled by 150 firefighters called to the scene.

The mental patient was found the next day wandering aimlessly in a Sierra Madre yard.

EARL NICHOLS, assistant district ranger for U.S. Forest Service, points to the burned-out fuse found at the point of origin of last Thursday"s canyon fire. From this point, the blaze climbed the hillside to a ridge above, where it burned off some five acres. →

Trio Pulls $250 Theft In Shop

Police today were looking for two youths and a girl who worked together Tuesday to steal a $250 tape recorder from the Music Shop at 43 N. Baldwin.

The trio, between 18 and 20 years old, came in while the owner, Carl R. Engel, was in Los Angeles on business, leaving the store in the hands of his two daughters, Krista and Joyce.

After asking questions about the recorder, the three split up to look at other items in the store.

While one daughter was busy with another customer, one of the youths kept the other daughter busy looking up records.

Finally, hearing a hot-rod pull away, he said: "Guess I've lost my ride." Then he ambled out of the store.

A few minutes later the theft was discovered. The thieves had calmly removed the accessories from the case and closed the lid on the recorder. Then they strolled out with it.

Zone Hearing Continued by City Planners

The Sierra Madre Planning Commission last Thursday continued until Aug. 9 its public hearing on the controversial proposal to rezone the corner of Michillinda and Sierra Madre Blvd. to permit construction of a service station there.

Eight letters from Sierra Madre residents were read in opposition to the zone change, and commissioners received a joint invitation from five residents of the area surrounding the corner to inspect their properties.

E. J. Till of Stephen W. Cunningham & Associates Inc., representing Raymond D. Andrews, owner of the corner, and the General Petroleum Corp., offered arguments in favor of the change.

Mr. Till said Mr. Andrews intended to retain ownership of the property, which would be leased to General Petroleum, and would maintain his home there.

He said that only a portion of the property, 92x114 feet, would be leased to the company.

Mr. Till said there would be at least 133 feet between the station and the residence to the south and 262 feet from the station to the property to the east.

Appearing in opposition to the petition were R. A. Keller, attorney for a group of property owners; Gordon Wright, attorney for two property owners; Delbert Watts, 445 E. Highland; R. F. Jones, 685 Mariposa; Max Linder, 60 S. Michillinda Blvd.; Mrs. M. B. Hammers, 612 Mariposa; H. N. Wade, 673 Mariposa; Helen Bogdan of Los Angeles, owner of property to the east of the corner; Richard O'Neil, 686 Mariposa, and R. R. Patterson Jr., 710 Mariposa.

5 YEARS' PROBATION

Patrick C. Carpenter of Pasadena, charged with drunk driving after his car struck Richard Sewall of 252 E. Grand View, Sierra Madre, received a 6-month county jail sentence and was placed on probation for five years and ordered to pay medical expenses of the victim.

British Home Takes Lead In Buy In Sierra Madre Drive

The British Home in California took a substantial lead in the first week's ballots in the Buy in Sierra Madre campaign.

A total of 305,223 votes had been cast for the British Home as of 2 p.m. Monday. St. Rita's was in second place with 204,000, followed by Bethany Church with 83,445.

The First Congregational Church, Ascension Church and the Sierra Madre Methodist Church followed in that order.

Ballots were tabulated on an adding machine in the Chamber of Commerce office on Monday afternoon and Tuesday morning. All votes should be turned in each week by 2 p.m. Tuesday to the Chamber of Commerce.

The 13-week campaign, which started last Thursday, will end Oct. 11. First prize will be $700 in cash; second prize, $200, and third prize, $100.

The British Home received a substantial portion of its votes through the purchase of a new car at Carl Hansen's Ford Agency. Judging by the large number of votes cast in the first four days of the campaign, the lead could change hands many times before the Chamber of Commerce contest ends.

Some votes were disqualified since they were cast for profit-making businesses here. Buyers, who may receive 100 votes for every dollar spent in Sierra Madre, may vote only for a church, civic, fraternal or other non-profit agency.

One wag cast 200 votes for "The Uprising Daughters of the Downtrodden Mothers of Sierra Madre."

In all, more than one million votes were cast for 48 different organizations in the first four days. A complete vote breakdown follows:

British Home, 305,223; St. Rita's, 204,000; Bethany Church, 83,445; Congregational Church, 78,550; Ascension Church, 71,975; Sierra Madre Methodist Church, 65,475; Semanon Club, 32,125; Boys' Club of Pasadena, 30,000; Trinity Presbyterian Church, 28,325; Eastern Star, 23,750; Kiwanis Club, 22,000; V.F.W., 18,750; Woman's Club, 18,035.

City of Hope, 16,425; Girl Scouts, 11,550; Community Nursery School, 10,575; Masonic Lodge, 9,800; Assumption B.U.R., 9,100; Fire Department, 7,425; PTA, 7,325; Camp Fire Girls, 5,775; Foothill Jewish Community Center, 5,325; Friends of the Library, 5,300; Faith Lutheran Church, 4,725.

American Legion, 1,700; Sierra Madre Little League, 1,650; Woman's O.R.T. - Pasadena, 1,625; American Red Cross, 1,575; Ranchos Los Amigos, 1,300; Salvation Army, 1,300; Sierra Madre Library, 1,250; Christian Science Church, 1,200; Sister Kenny Foundation, 1,150; Grace Lutheran Church, 1,100; Casa Colinas, 1,000; Community Chest, 900; Latter Day Saints Church, 800.

Hastings Little League, 700; Cub Scouts, 475; B.S.N., 450; Church of the Nazarene, 350; Alhambra Optimist Club, 200; First Baptist Church of Pasadena, 125; Friendship Club, 150; California Society of Professional Engineers, 100; Family Service, 50; Heart Fund, 25.

Council OKs Stop Signs, Approves Salary Raises

The City Council voted unanimously Tuesday night to place stop signs at two dangerous intersections and to increase the salaries of all city employes from 4½ to 10 per cent.

Stops signs will be erected on Highland at Sunnyside, the scene of a recent serious collision in which 9-year-old Kevin R. Snow suffered a fractured skull, and on Sunnyside at Mariposa.

Police Chief Gordon McMillan, noting in a written report that there have been four accidents at each intersection in the past three years, recommended the erection of the stop signs. The Council voted unanimously to adopt the police chief's recommendation.

THE COUNCIL also discussed an ordinance to prohibit obstructions such as fences, trees, shrubs, etc., at intersections. This ordinance would grant stringent police powers to the city to insure that such obstructions are removed.

This issue will be discussed again at the next meeting of the City Council July 24. The present Zoning Ordinance now contains a section prohibiting certain types of fences and other obstructions, but does not contain the strict enforcement powers provided in the new law.

Letters requesting stop signs at several intersections were presented to the Council. One was signed by 23 residents and the other by Mrs. Mary Toms Ward. Both have been published in The Sierra Madre News.

Chief McMillan is now in the process of making a study on the need for stop signs at several other intersections.

The Council also raised salaries of Police Department members approximately 10 per cent. Patrolmen's salaries were increased from $300-$355 to $330-$395 monthly. The police chief will receive a raise from $440 to $475, and sergeants from $355-$375 to $370-$420.

All other city employes will get increases of from 4½ to approximately 7 per cent. Copies of the new salary scales may be obtained at City Hall.

ON A MOTION by Councilman Harold Roberts, the Council also voted to inform Civil Defense Area D that the city is withdrawing and has taken steps to join Area C, which includes Pasadena and Arcadia. The motion also specifies that Sierra Madre will not participate in the Area D. budget. The city's share of the budget is $450.

Mr. Roberts pointed out that Sierra Madre is a part of the Pasadena and Arcadia areas and has little in common with Pomona, Area D headquarters.

Mr. Roberts also suggested that City Administrator Lawrence Bevington check the light standards in the downtown area to determine if they still conform to the original specifications at the time they were installed.

He said that many of the standards are not vertical and, as a result, cast distorted shaddows.

(Continued on Page 5)

Councilman Lorne Pratt is in St. Luke Hospital with a virus ailment. He is expected to remain in the hospital for another week. Councilman Herbert Harrison, who is on vacation, also was absent from the Council meeting Tuesday night.

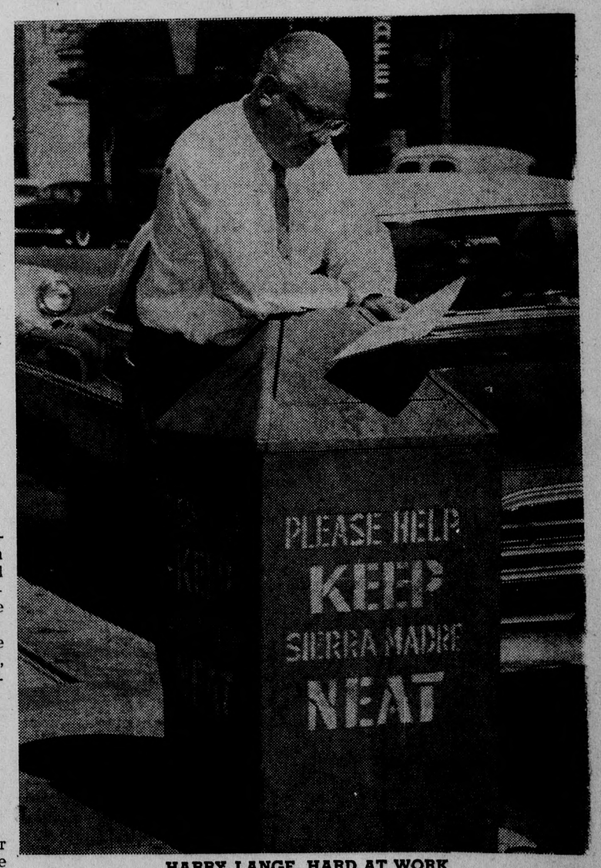

Council Honors Sierra Madreans

Two Sierra Madreans were honored by the City Council Tuesday night for their outstanding devotion to civic affairs.

Col. Walter D. Thurber was presented a plaque by Mayor Charles H. James in recognition of his outstanding job in directing Sierra Madre's recent Diamond Jubilee celebration.

A resolution was also read commending Miss Martha Pritchard for her "remarkable services over the past 15 years" as a member of the Library Board. Miss Pritchard, who recently resigned, was made an honorary life member of the Board.

Ain't It a Shame About Harry?

HARRY LANGE, HARD AT WORK

By TONI MAURIN

It has been a well known and respected sight in the past to see one of our prominent real-estate and insurance men, Har-Lange, transacting his business over the U.S. Post Office box in front of his former office.

In passing, you might have nodded at Harry, but you wouldn't have dreamed of disturbing him because you knew he was working.

His office was small and many people were in and out of it. If he wasn't doing his business there, he was in the coffee shop next door. At any rate, most of Harry's business was done outside.

Now, he is in a new office. Much larger, it is true, but deep down, Harry is an outdoor man. He likes the free, fresh wind in his hair.

The familiar sight of today is to see Harry leaning over the trash container in front of his new office. It is a discouraging sight to see this giant of a man bent almost in half over that very small container.

I think a petition should be made to the Post Office department to install a new post box in front of Harry's new office. There isn't another citizen in town that keeps the local post boxes as shiny and clean as Harry kept the one in front of his old office.

That one is slowly but surely gathering all of the corrosion and dust of an unused skate, while Harry is just as slowly and surely breaking his back over an undersized trash can.

What will we do about Harry?

Mrs. Jenkinson Breaks Shoulder in Fall From Horse

Mrs. Edgar Jenkinson, former editor and co-publisher of The Sierra Madre News, suffered a broken shoulder when she was thrown from a horse July 4 near Jackson's Hole, Wyo.

Mr. and Mrs. Jenkinson and their daughter, Debbie, were vacationing at Moosehead Ranch when the mishap occurred, approximately nine miles from the ranch on a mountain trail.

The wranglers in charge fashioned a stretcher from tarpaulins and shoe laces donated by some 30 members of the party of which Mrs. Jenkinson was a member. Five hours later she was admitted to the hospital in Jackson's Hole, where she stayed for four days.

Despite her harrowing experience, Mrs. Jenkinson said the trip was a wonderful experience. She is now recovering satisfactorily at her home on Sierra Madre Blvd. in Arcadia.

C. A. Skutt to Leave School Post Next Year

School Supt. Charles A. Skutt announced his intention to resign, effective June 30, 1957, at a meeting of the Board of Education Monday night.

Mr. Skutt, who came to Sierra Madre from the Bellflower District, has been in charge of the schools here for about 11 years. His plans following his resignation are indefinite.

Since Mr. Skutt came to Sierra Madre the school population has doubled in size. He also did considerable research on two bond issues presented to the public during his tenure and on the need for a school tax increase, which passed early this year.

The School Board has not yet taken any steps to choose a successor to Mr. Skutt.

An optimistic note was injected into the meeting when Board members learned that the budget may be increased to $328,677, about $22,000 above estimates. Accordingly, the program of repairs now will be stepped up.

The Board now plans to repair a section of the roof of the Sierra Madre School, develop an outside kindergarten work area which eventually will free classrooms for school-age children, install accoustical tile in two rooms, repair the stage and take other needed steps.

The Board also approved the signing of a lease with the Embree Bus Co. for one vehicle at $15 a day. The district will supply its own driver. Milk products for the cafeteria will be bought from Supreme Dairy, which submitted the lowest bid.

The date for the public hearing on the budget has been changed to Aug. 1 at 7:30 p.m. in the Sierra Madre School. The budget can be adopted at that time if there are no objections.

The budget may be higher than was first anticipated because more money was saved during last year's economy wave than was thought possible.

Kenneth Bush was sworn in as a new Board member to replace John Conzelman, who resigned.

Blaze Causes Damages of $2,000 Here

Volunteer firemen were routed out of bed early Saturday morning to put out a blaze at 188 Santa Anita Court.

Damage was estimated at $2,000 to the Mrs. Paul Sturdy residence and its furniture.

The alarm was called in at 3:55 a.m. by P. A. Bonebrake, a neighbor to whom Mrs. Sturdy had fled for help.

Twenty-two firemen answered the call in the department's two trucks.

Firemen believed the blaze was started in a couch by a burning cigarette.

Works Starts On Hospital in Sierra Madre

Work got under way this week on the site of the new Sierra Madre Hospital at 245 W. Sierra Madre Blvd.

The $175,000 structure, which will house 22 beds, is expected to be ready for occupancy early in 1957, according to Larry C. Lomax, administrator of the new hospital and of the Sierra Madre Medical Center.

The contract has been let to Carl Griffin of Griffin & Sons, local contractor.

Mr. Lomax said much of the hospital's equipment and supplies already has been purchased and is in storage.

The new building on the site next to the Medical Center is of one-story, modern design, and will permit expansion to more than double the number of beds should the need arise, Mr. Lomax said.

Included in its features will be an intercommunication system with speakers at each bed, and piped oxygen available in each patient's room.

WORK RECORD

Labor and management in California set a postwar record for peaceful relations during the first six months of 1956, Ernest B. Webb, Director of the California Department of Industrial Relations, announced this week. Less than 25,000 California workers were involved in work stoppages from Jan. 1 through June 30, the smallest number for this period in more than 10 years.

Editorials

Smog and Car Pools

The smoggy season is here again.

This startling piece of intelligence was announced recently by an official of the Los Angeles Chamber of Commerce in conjunction with the County Air Pollution Control District. The Chamber official appealed gravely (no pun intended) to commuters to form car pools as a means of diminishing the emission of acrid exhaust into our otherwise pure air.

Although the sentiment is laudable, it is also wishful thinking, probably prompted by the Chamber's desire to "do something" about smog without offending anybody.

Now the smoggy season, if my burning eyes and runny nose are any indication, lasts approximately 350 days a year, give or take two weeks. There just ain't no such thing as a smoggy season any more, and to plead otherwise does more harm than good. It's smoggy to some degree almost every day the sun shines brightly.

The idea of car pools on a scale large enough to lessen the smog output doesn't square with the individuality of human nature. Human beings just aren't made that way.

The smog problem in Los Angeles County eventually will be licked. But it will take time, money and several stout laws like the ones passed and enforced in Pittsburgh, Pa., to do the job.

Until that time I have a solution which, if everyone cooperates, will work wonders. We should all sleep during the day, in air-conditioned and air-filtered bedrooms, of course, and all drive to our jobs at night. That way the sun wouldn't have a chance to cook up its suffocating brew. Smog would vanish over night . . .

Move over, Mr. Chamber of Commerce, and make room for another wishful thinker.

—H.W.E.

Rocking 'n Rolling

There has fallen upon the land a blight—in the form of a cacophony alliteratively dubbed Rock 'n Roll—which threatens to spawn a repeat performance of the Children's Revolt which rocked Europe centuries ago.

Mounting official displeasure, following teen-age dance hall riots, has brought bans in some cities, less severe curbs in others.

The children are up in arms.

Now, there was a time when music, of whatever kind, possessed at least rudimentary form and coherence. It played upon the sensibilities, at times stimulating, at times soothing, but always following certain rules, admittedly loose, of composition.

Rock 'n Roll's approach to human sensibilities, on the other hand, constitutes assault.

It has no more taste than a dripping faucet, and the same effect: It drives a person temporarily mad.

The aim of most music, like any other work of art, is coherence. It must make sense, possess form.

The end result of Rock 'n Roll is disintegration. In each of its limited forms, it is based on lack of control.

True R 'n R features two things—stridence and insistence. The idea seems to be to select a "melodic" theme of the utmost simplicity — bordering on the moronic.

A single note is repeated, in rhythm and with minor changes of the supporting chord, until the human nervous system can no longer stand it. Then it is repeated for a while longer.

The theme is played at about twice the volume an instrument was built to withstand, producing a shrill, raucous blast consistent with the rhythmic accompaniment.

As for words, about five will do. They are repeated in hoarse shouts for the duration of the torture.

This is the more violent form of Rock 'n Roll. There is another, more treacherous kind.

Foremost exponent of this school is Elvis Presley, the Gypsy Rose Lee of the Rock 'n Roll circuit.

Presley, whose style is most like that of a libidinous tomcat, sneaks up on the song.

Weaving to and fro, glowering at his audience through heavy-lidded eyes, he launches himself at the material with reasonable restraint.

Then, as he rocks and rolls his way through the refrain, his frenetic gyrations become exaggerated, at times obscene, and he winds up in the same frenzy that afflicts all those diseased by the R 'n R bug.

Between these two extremes are many varieties in style which teen-agers lump into the Rock 'n Roll classification. Most of the in-between styles, though, really are poor attempts at jazz. They lack the insanity which marks true Rock 'n Roll.

Despite my obvious distaste for R 'n R, I oppose bans on its performance. This position stems from my extreme dislike for all forms of moral censorship.

Given time, I suspect the Rock 'n Roll craze will wear itself out, and the teen-agers will return to what passes among them as sanity.

See ya later, alligator.—W.F.T.

Around and About

With

Edward Lloyd Voorhees

(In earlier reports, Mr. Voorhees described his visits to Naples, Genoa and Turin. Here he continues his account of a recent European tour.)

My little hotel in Florence was only two minutes' walk from the huge square which is that city's historic, artistic, and business center, the Plazza della Signoria.

Its stone buildings are massive works of art dating back as far as the 1200s, including the Palazzo Vecchio, ancient city hall, whose battlemented clock tower soars 300 feet above the pavement and whose gigantic human and mythological figures, sculptured in white marble and bronze by Michael Angelo, Verrocchio, and Benvenuto Cellini, astonish the stranger.

Everywhere one turns in Florence one receives the impression that works of art have always been almost as familiar as bread to its people—and almost as important to their life.

A full-fledged blizzard on my third day left the big piazza as white as its marble statuary, and after the clear cold night that followed a few sunny hours of thaw, sheets of transparent ice veiled the slim marble nymphs in the great fountain, and left grotesque patterns of frozen slush on the sturdy nude bodies of the male figures.

That was a field day for the camera hounds! Rare as skating in Sierra Madre.

An unheated little restaurant, where for three successive days I lunched in overcoat and muffler for its wide view of the Piazza and its lentil soup and tangy pecorino cheese, also sheltered a family cat named Mischa.

She regularly visited my table and each time politely rose on her hind legs to caress my hand in thanks before accepting from it the rinds of my cheese and other tidbits.

None of the restaurants I visited, even those of the best class, maintained a temperature above 60-F degrees.

Lunching and dining out in Italy is far less frequent than with us. At midday the trade is mainly confined to the more prosperous business and professional men, and in the evening to courting couples of mature age.

The food in Florence is well prepared, generous in portions, attractively though plainly served and considerably cheaper than the same items here.

Last Lap

Dear Editor:

I have just read the unfair, untrue and completely irresponsible portion of a letter which was inserted in your paper over the signatures of fifteen persons who are unknown to me and whose motives appear to be lost in vile invective.

My first thought was that I would not dignify the vacuous tirade with any sort of a response, but a consideration of the sensibilities of the responsible members of the community compels me to place a few facts into the record.

I have no quarrel with the portions of the letter which deal with the necessity of stop signs at dangerous intersections other than to say that hysterical outbursts of this nature rarely accomplish much.

However, I am sorely troubled with the scurrilous statements of the letter to the effect that Kevin Snow was lifted, "torso dragging," and placed on the ambulance stretcher in the presence of "aghast onlookers." This really exceeds the limits of fair comment. One of the so-called "aghast onlookers" was Kevin's father, and his unsolicited thought is that Kevin was properly handled with due regard for all proper techniques. One endorsement of this nature should surely overcome the immature rantings of even fifteen "gawking" gossips.

Immaturity would seem to be the basis of this entire portion of the letter under discussion; it is the child"s mind which sees "hundreds" of objects when there are only several, and giants, bogeymen and other manifestations of youthful imagery.

It seems incredible that a reputable business which has earned the confidence of the community should be subjected to this ill-considered, unwarranted attack simply because someone with a penchant for rhetorical "swill" has some sort of a personal axe to grind.

It is the earnest hope of this writer that some good will come of the letter under discussion. Perhaps the greatest good will be that the fifteen signatories have now satisfied their desire for notoriety and the reading public need no longer be subjected to the "sickening screech" of enthusiasm gone amuck.

GLEN D. CRIPPEN
Monrovia Ambulance Service

Dear Editor:

The June 24 issue carried a letter to the Editor discussing the recent accident which involved two of my children and me.

I was surprised at the strong criticism directed at the Ambulance Company as I had been present when the ambulance services were performed and had felt the attendants were both gentle and proper in handling my son.

Last week I received a call from Mr. Crippen, the owner of the Ambulance Company, as he was very concerned over the cricitism of his service and wished to know if I agreed with what was said in the letter.

I have learned upon questioning medical authority that the methods used in moving my son were proper, based upon my description of them. It is also a matter of police record that it took only nineteen minutes from the time the ambulance was called until the time the boy was delivered at St. Luke Hospital.

I cannot help but feel that the conscientious ambulance owner performed his services well.

Yours very truly,
HARRY R. SNOW

Dear Sir:

The following is a copy of a letter sent to the mayor and City Council regarding the need for greater capacity water mains and requesting permission to interview the fire chief and water superintendent:

The sizes of the mains now being installed and of those planned for future installation are not and will not be adequate to carry the needed water flow increase in case of heavy fire in high wind or of fire following bombing by enemy craft.

Material on this subject has been previously submitted to the Council. But the technical problems need close discussion. No acknowledgment of my letter (April 23) to the Council has been received. From Mr. Bevington's letter to me (April 19) it seems possible that hazards and suggested safeguards are not clear to the Council.

I presented basic material to show the need for serious review of the Montgomery figurs IN THIS PHASE OF WATER PLANNING.

May I discuss these matters with the water superintendent and the fire chief? We know the Council would not rest if this city, in whole or in part, should burn because there had not been adequate information brought to the Council nor adequate discussion by the Council.

After such discussion, I would discard any palpable impossibilities and could then obtain, through the courtesy of Mr. Arthur Draeger, current prices of materials.

I ask permission to discuss the matter with Mr. Heasley and Mr. Freeland and, thereafter, to suggest to the Council some practical possibilities with information regarding their approximate cost.

Both the fire chief and the water superintendent have shown me courtesies whenever I have asked questions of them. But I have no wish to embarrass personnel with the City Administrator nor with the Council. Nor to embarrass City Administrator with Council.

I believe that greater preparedness against the hazards of conflagrations, during peace or war, would be possible without impossible cost. As a resident of Sierra Madre for 32 years I believe that "calculated risks" should be discussed with all of us before they are taken.

I ask your permission to take needed questions to these department heads without fear of causing them embarrassment. Please understand.

Respectfully sumbitted,
JESSIE E. DUNNING

Dear Sir:

To the Planning Commission: A gasoline station at the entrance to the tree-lined Sierra Madre Blvd.?

"Leave all cars behind you who enter here." This is what our boulevard means to the residents returning from the day's toil in the city. This is what it meant to the retired man in search for a home of peace, beauty and comfort.

Let nothing but trees and residents on well tended lawns greet us as we enter our spacious, beautiful boulevard.

Please vote against the commercial use of our western gateway.

FELIX H. GIBIAN
69 W. Carter

OUT OF THE COBWEBS

49 YEARS AGO THIS WEEK, July 19, 1907—Percival H. Pegler, son of Mr. and Mrs. J. C. Pegler, died Sunday morning at the home of his parents in Sierra Madre. Bright's disease was the cause of his death.

Sierra Madre social circles were stirred at the announcement of the marriage at 8 o"clock Wednesday evening of Philip Carter and Miss Violet J. Savage of Duarte. The bride is the daughter of Arthur W. Savage, inventor of the Savage rifle, Savage torpedo, etc.

Greer Caskey came in with the first deer of the season Monday. He went out the night before and secured the specimen early the next morning. He seems to have no trouble in bringing in the limit before the season closes each year.

★ ★ ★

20 YEARS AGO THIS WEEK, July 17, 1936—Prof. E. P. Cheyney was the guest for several days last week of his son and daughter-in--law, Mr. and Mrs. Ralph Cheyney, at the San Diego Exposition.

Robert Ingram, son of Mrs. Elizabeth Ingram, 206 Auburn Ave., appeared yesterday on a program of the Western Music School broadcast from Fresno over the Columbia network.

Councilman Preston Schwartz and family, accompanied by their son, Charles Schwartz, and his family, who are visiting here from Rhode Island, are spending a few days at Balboa Beach.

★ ★ ★

10 YEARS AGO THIS WEEK, July 18, 1946 — Canyon Park girls, who left Sunday for a week at the Girl Scout Camp in the San Bernardino Mountains, were Marily Iffrig, Sylvia Worthington and Sally Latson.

Picnic supper guests Sunday of Mayor Milo V. Chapin of Montebello and Mrs. Chapin at their Canyon Park cottage, 583 Woodland Drive, were Mr. and Mrs. T. J. Sturm of Pomona, Mr. and Mrs. Kenneth E. Sturm and Laura Cadmus of this city.

Mrs. E. A. Tambert, 406 E. Highland Ave., left Sunday for California Hot Springs, where she will spend two weeks with her husband. Mr. Tambert is production manager for Walt Disney, now making the picture "How Dear to My Heart" at the springs.

★ ★ ★

5 YEARS AGO THIS WEEK, July 19, 1951 — Mr. and Mrs. Frederick Roess, 261 Adams, returned Sunday from a month's motor trip through several states, visiting friends, and cruising to Alaska.

Two Sierra Madre women arrived in Naples July 3 for the start of a three-month tour of the European continent. The women, Mrs. Thomasella Graham and Mrs. Harry Anson Pride, both of 349 N. Lima, will visit Italy, Norway, Switzerland, Germany, Sweden, Denmark, France and England.

Mac A. Cason, 705 Manzanita, has accepted a position as draftsman with Fluor Corporation Ltd., according to an announcement by R. B. McCowan, personnel supervisor.

Around the Square

By Marjorie Parker

John Fetters and Bill Burns returned Friday from a month in a "green, soft and happy land"—Ireland. The two friends met up with a third in Tulsa, Okla., and crossed by boat to the Isle and set up headquarters in Dublin. They toured the east coast and pronounced it beautiful.

This is the second trip for them, made on the same dates as last year and on the same boat. Jack says a Tulsa paper commented that the recent trip indicated the trio obviously was in a rut. Pleasant one, says he.

WHEN THE FIRE signal blasts off, indicating the hot area, what happens next? Well, the volunteers come pouring down the mountain or struggling up the hill or maybe just rushing through those swinging doors.

The first to get to the station, which must mean the nearest, check to see if there are enough men to man the rigs. The rest take the address posted on the station door and go off on their own.

The late boys go to the area indicated by the signal, listen for the siren and follow the others. Some even call in for the address, but the police desk frowns on this for obvious reasons.

Anyway, they all get there and this answers the questions, recently put, about there possibly being a central point in each fire area where somebody waits and gives the address. There ain't.

AND WHILE on the subject, Friday night fire drill usually brings that gorgeous new engine roaring up Churchill Road, red lights glaring and frog-horn blasting on the curves.

Last Friday this sent one small pedestrian screaming to her mother's arms, sure it was after her. So when the engine came back down later, the boys slowed down, honked the horn and waved to placate the child. Did it? It did not. It sent her screaming to her mother's arms, CONVINCED that it was after her.

YOUNG FRANKLIN Bradshaw back in town for a day, slim and blonde and ready for Citrus Junior College in the Fall.

THIS COLUMN once included a free translation of a local doctor's written instructions to his patient. It started out: "Take 3 rats every 4 horses—."

Now a physician's journal tells about the invitation to dinner sent to a doctor. His reply was so illegible that the hostess couldn't decide if he had accepted or declined. So she took it to a nearby pharmacist to decipher.

He read it, withdrew into the pill-dispensing department and came out in a few minutes with a small bottle which he handed to her, saying:

"That'll be 50 cents."

MOST ENGROSSING sidewalk supervision in years goes on at the site of the new Arnold's Hardware building next to the Post Office. The modern building and parking lot will be a handsome addition to downtown and a good thing, too. If one more piece of stock comes in from the rear of the present store and one more customer from the front, it'll take a police helicopter to unsnarl the traffic.

A METROPOLITAN paper would have done well to give a byline to the woman who wrote in a diet to end the current rash of reducing suggestions. Her formula read in part:

Breakfast, boiled out stains from tablecloth (not plastic).

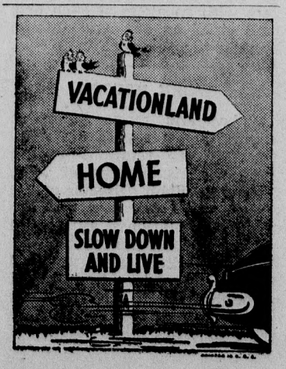

Lunch, button from navel orange.

Dinner, tossed paprika and clover leaf (1) salad, and aroma of empty custard cup.

Note: a glass of steam may be taken between meals as a snack.

'ITCH' HELD OVER

"The Seven-Year Itch," now on stage at the Pasadena Playhouse, will be held over for an etxra week, moving the closing date back to July 29.

Lee Shippey *asks* What Do You Think?

I don't want to see our big universities pull out of the Pacific Coast Conference. That might put them out of Rose Bowl games for keeps and might possibly result in their blacklisting by other important conferences.

At best, we could look forward to two or three bad years, and then we might have to crawl back and beg for admission.

In sports you have to be sportsmanlike or there's no sport in 'em. You may make every legal effort to upset an unfair ruling, but if you can't upset it you have to take it like a sport.

In this case, we can't argue that we are innocent. We can only argue that all the other schools are guilty too, to greater or lesser degree, and that the whole set-up needs revision.

SIMPLE FACT is that a winning football team is a university's biggest annual financial asset. It may yield a profit of $500,000. That is enough to strike a lot of university presidents blind to infractions of the code.

It has gotten so that if a man weighs 220 pounds, is strong, fast and aggressive and can spell "cat" correctly, he is a scholar, and is offered scholarships by every one of 50 universities which hear about him.

That is why some famous football stars who later become sports announcers so often get tangled up in heir grammar. They just ain't never learned no grammar.

This is no new thing. Thirty years ago Zane Grey told me he got a scholarship at the University of Pennsylvania because he was a good baseball player. That must have been at least 60 years ago.

In those days there were no salaries attached. Subsidizing players is a modern improvement. The present system helps a lot of fine boys who couldn't otherwise afford to go to college, but it is being carried so far that a good shaking up may be very healthful.

THE ONE BEST thing for sports in this area, I think, would be for newspapers and sports announcers to quit quoting Harvey Knox.

THE LOUSIEST piece of campaign literature I have seen so far, which I think anyone should be ashamed to distribute, is a circular advertising a book which apparently flings filth all over ex-President Truman.

Apparently, the circular is being mailed to so many persons that the postage on it will cost more than will ever be realized from the book, so it must be a campaign document designed to injure Democrats in general in the minds of vast numbers of persons who never buy a book.

Mr. Truman isn't a candidate for anything, hasn't been for eight years and I think it inexcusable to try to divert people's minds from the problems of the present by presenting distorted pictures of the past.

Mr. Truman's recent trip abroad is a reminder that the whole free world honors him, and I predict it will still be honoring him long after this sneak attack is forgotten.

Sure, he had his faults. Who hasn't? I believe in showing respect to the high office of President, and to any man the American people elect to it.

Washington News

By EDGAR W. HIESTAND, Rep. 21st District

Many years ago there existed what was known as the "free lunch counter." Its purpose was to draw customers into a saloon where presumably they would quaff enough of the fast-flowing brew to pay for meals they could pick up "for free" at the end of the bar.

Eventually the free lunch counter disappeared. It vanished because more and more customers began eating the lunches without buying enough brew to pay for the food.

Of course the "free lunch" was an illusion. As soon as customers began accepting it at face value—as free—it ceased to exist.

But just such an illusion has captivated many Americans today. It is being fed them in ever-increasing helpings to the point where many now believe it really exists, that they can get something for free. This illusion, of course, is "federal aid."

There is no such thing as federal aid any more than there was a free lunch counter; the government cannot give back to the people something the people have not already given to the government.

THE GOVERNMENT itself produces nothing. It is merely a handler of money, an exchanger of wealth and resources, not a producer. The government, to exist, must depend upon the people to furnish funds.

Of course when the Congress votes to institute or expand a federal aid program, it must increase what it takes from the people. This it does either by increasing the taxes of those living today, or by increasing the national debt which must be paid by generations yet unborn.

Take the case of federal aid to education—just killed by the House. It was widely espoused by many professional educators and by planners of a systematized economy as the only means for solving the crisis of a national classroom shortage.

The advocates of federal aid told us that states cannot solve the classroom shortages themselves; that the federal government should come to the rescue because it has the means to borrow money to finance the construction of new schools.

BUT HERE is an example of where the delusion occurs. California would have received an estimated $26 million in federal aid for schools under the defeated Kelley Bill. This sounded extremely enticing. But the tab for California taxpayers to finance this "gift" to themselves would have run in the neighborhood of $37 million.

By defeating the bill we saved ourselves $11 million a year for the next four years, and $11 million can build a lot of classrooms.

Bill Dillingham *Reports From Abroad*

IRELAND—It's easy to start a riot in Ireland. Just wave the Union Jack. Irish hatred for the British government machine is no joke.

On special holidays when the Union Jack is raised above the British Embassy in Dublin, extra police guards have to be posted. Experience has shown that they are needed to discourage rioting.

Local movie houses would be running a risk in showing films of the British royal family. It has been tried and it results in outbreaks.

A Dublin motion picture house attempted to show films of the recent coronation, and within a matter of hours the building was bombed.

Another movie house tried to show "Victoria Regina," a film about the life of Queen Victoria (whom the Irish call the "Famine Queen"), but spectators forced their way into the projection room and burned the reels.

Several years ago at Christmas time, English prestige suffered another blow. The Gough Monument situated in Dublin (honoring a British Army Commander) was mutilated. General Gough, perched on horseback, had his head and sword sawn off.

Foreign servicemen of any country are permitted to wear their uniforms while visiting Ireland. The single exception: English soldiers.

In 1951, King George VI was planning to visit Northern Ireland to christen a ship. When this was announced, a bomb exploded in the British Embassy in Dublin.

A message followed the bomb telling the King not to enter Northern Ireland. Shortly thereafter, King George VI issued a statement saying that he was ill and couldn't make the trip. He sent his mother and sister instead.

An English tourist, however, will get fine hospitality—provided he leaves his flag at home. It is only British politics that arouse the Irish people.

This partly explains why Hitler's Embassy in neutral Ireland remained open during the war. It is a little-known fact that some Irishmen even joined the German Army. Lord Haw Haw, hanged as a traitor by the British under doubtful legal circumstances, was an Irishman.

Throughout Dublin, one sees calendars for sale that surprise English tourists. One such calendar shows an Irish Republican Army soldier trampling on the Union Jack with his boots and holding up the Irish tricolor.

Displaying the Union Jack in Dublin is like waving a red flag to a bull.

—Pat Willson Studio.

MR. AND MRS. JOHN EVERETT CARVER

Ivory flowers banked against lemon leaves served as the background for the nuptial rites June 29 which joined Jeanne Lucille Reitzell, daughter of Mrs. Robert W. Reitzell of Pasadena and the late Mr. Reitzell, in marriage to John Everett Carver, son of Mrs. Everett Willard Carver of Sierra Madre, and the late Mr. Carver, in the chapel of the First Methodist Church, Pasadena, where her parents were married 26 years ago. Dr. K. Morgan Edwards read the service.

The bride, escorted to the altar by her uncle, Harold F. Reitzell, wore her mother's wedding gown, which was made of ivory faille taffeta. The princess style dress fell into a chapel train. She carried her grandmother's prayer book with a spray of white cymbidiums and wore the pearls which had been her father's wedding gift to his bride.

The matron of honor, Mrs. Robert Billings, and bridesmaids, Ann Watkins, Gretchen Glover, Barbara Nay and Sarah Carver, sister of the groom, wore pale frosted green taffeta ballerina length dresses and carried crescent bouquets of feathered ivory carnations.

Kenneth Gates was best man and the guests were seated by Leonard Barrett, E. William Nelson, Warren Peterson and Wayne Hokom.

A reception for relatives and a few close friends was held in the gardens of the bride's mother's home.

Following a honeymoon at Lake Tahoe, the newly married couple will make their home in Pasadena.

The bride is a graduate of Occidental College where she was a member of Gamma Kappa Theta.

The groom is a graduate of General Motors Institute, Flint, Mich.

Mrs. Lucile S. F. Randolph of Knoxville, Ill., mother of Mrs. Carver, and her niece, Mrs. John English of Iowa City, Ia. came to Southern California to attend the wedding and are house guests at the Carver home.

Franklin A. Franco Hosts James V. Lione

Mr. and Mrs. Franklin A. Franco, 409 N. Mountain Trail, recently entertained Mrs. Franco's brother and sister-in-law, Mr. and Mrs. James V. Lione, of Long Island.

Mr. Lione is an attorney for the Railway Express in New York City and Mrs. Lione, also an attorney, is secretary to the president of the Borough of Queens County, N. Y.

Enjoy Box Supper

Members of the Civic Club and their husbands met last Saturday night in the Lorne Pratt home for a box supper and swimming party.

Following an auction of the box suppers, with Mrs. Pratt's receiving "top price," the group enjoyed a swim and the playing of games. Richard Barden was auctioneer for the occasion.

Proceeds from the event will be used for one of the many philanthropies the club is interested in.

Mr. Pratt was unable to attend the party since he is in St. Luke Hospital recuperating from a virus.

Social and Club Activities

New Officers of ALA Here Installed in Garden Rites

Forty members and their guests witnessed the colorful installation ceremonies of the American Legion Auxiliary held in the gardens of the Val Miller home, 144 San Gabriel Court.

Mrs. Mary File, past president of the 18th District, inducted the newly elected president, Mrs. Thelma Proctor, and her officers.

Mrs. Lucille Pickett served as escort for the evening.

Those chairmen appointed for the coming year were Mrs. Elise Hadlock, membership; Mrs. Rose Galkin, Americanism; Mrs. Kitty Miller, child welfare; Mrs. Lucille Pickett, education and Girls State; Mrs. Leila Embree, legislation, constitution and by-laws; Mrs. Edna Faller, rehabilitation; Mrs. Betty Curtis, civil defense and national security; Mrs. Orcelia Henderson, community service; Mrs. Maybelle Barker, press; Mrs. Helen Wheeler, poppy and past presidents' parley, and Mrs. Wayne Beisel, Mrs. Rudolph Galkin and Mrs. Effie Milton, auditing committee.

Among those present were Mrs. Oscar Willumsen of Santa Barbara, Mrs. Augusta Coates of Santa Rosa, Mrs. Lee High of Long Beach, Mrs. Eleanor Miller of Balboa, Canal Zone; Mrs. Mary File and Mrs. Nancy Milton of Altadena, Mrs. Lotta Lack of Arcadia, Mrs. Lida Hopper and Mrs. Florence Tuttle of Monrovia, Mrs. Etta Leguin, Mrs. Ethel Stine and Mrs. Clarnece Nosher of Sierra Madre, and the VFW Auxiliary delegates, Mrs. Rose Udell, president; Mrs. Mary Kiggins, Mrs. Marie Kiggins, Mrs. Margaret Keegan, Mrs. Bernice McClosky and Mrs. Hendrika Van Iersal.

A reception and buffet supper followed the ceremonies.

The unit will meet July 26 at 6:30 p.m. for a potluck supper in the gardens of the William Hopper home on North Auburn. Mrs. Proctor, delegate to the recent State Convention held at Fresno, will present a resume of her trip and the meeting.

Santa Anita Chit-Chat

By "Anita"
EL. 5-7846

We have another candidate for our "TASYP" (see last week's paper if you don't know what that means) department in Skip Bardley, teen-age son of the Lester Barkleys. Skip has gradually built up a nice, even profitable, business caring for neighbors' gardens while each neighbor is away on vacation. He must be doing a good job of keeping lawns green and growing because he keeps on getting new assignments.

* * *

MRS. DONALD DUNNE has been visiting her sister, Mrs. John Tolfree of 151 Colony Drive. Mrs. Dunne and her husband, Lt. Donald Dunne, U.S. Marine Corps, who has recently completed his tour of duty with the Corps, have established a residence in Glendale.

* * *

GORDON AND JOAN MacDonald of 141 Colony Drive have taken a cottage at South Laguna and are off with their two children, Pam and Ricky, for some real cool fun in the sun. We could all use some of that fresh sea air these days.

* * *

MILES NICKLES, Betty Foxton's brother, has just completed another 'round the world trip as second engineer aboard the President Jackson. The ship is the world's largest cargo liner and carries de luxe accommodations for 12 passengers. Miles is home in Sierra Madre for a six-week vacation and plans, believe it or not, to take a trip here in the USA. Imagine even wanting a trip after spendjng the rest of the year sailing around the world!

* * *

LAWRENCE AND JEANNE Johnson of 485 San Gabriel Court have worked out the problem of how to please the men and boys of the family on a vacation and still give Mom a rest from cooking three meals a day, and housework. This week they have been vacationing at Lake Arrowhead, with no cooking or work for Jeanne. Later they will take a camping trip to the High Sierras after Jeanne has had her rest. Jeanne likes to camp but it is nice to forget meal planning for a while. I wish I could sell the idea to my family.

* * *

CLARK AND MARRIE Casey, 340 San Gabriel Court, gave a birthday party for Marrie's mother, Mrs. Rose Fleckenstein, last night. Guests included Marrie's brother and sister-in-law, Mr. and Mrs. Bud Fleck. Bud, who is the leader of a name band, has dropped the "stein" from his name because Fleckenstein is a little too much for a theater marque. All grandchildren were present and accounted for, of course.

It's a smart man who knows he has enough before he gets it.

E. G. Everetts Enjoy Recent Alaska Trip

Capt. and Mrs. E. G. Everett have returned from a trip to Alaska and the Yukon Territory over the White Pass, the trail of the 1898 Gold Rush.

On their way home they stopped at Vancouver, B.C., and visited the Butchart Gardens near Victoria.

While in Seattle, Capt. Everett entertained 13 comrades of the old 13th Minnesota Volunteer Infantry of '98 at dinner in the Benjamin Franklin Hotel.

The Sierra Madreans visited Mt. Rainier and found the snow to be 15 feet deep on either side of the road. The well known Paradise Inn had only recently opened for the season and the travelers found the climate to be very much on the cold side.

The Everetts enjoyed visiting all of the old familiar spots in San Francisco and were amazed at the rehabilitation work which had taken place in Santa Cruz following the recent flood.

Capt. and Mrs. Everett plan to leave the first of next month for a trip through Eastern Canada and then on to Florida, where they will spend the winter and embark on a Caribbean cruise.

Social Club Dinner July 23

The Social Club of the Sierra Madre Chapter, Order of Eastern Star, will meet next Monday night in the home of Mr. and Mrs. Felix H. Gibian, 69 W. Carter.

A barbecue dinner for members and their families will be served at 6:30, preceding the meeting. Those attending the dinner are asked to bring their own table service.

Reservations may be made by calling Bernice Gibian at ELgin 5-0887 by tomorrow evening.

MARY LA VERNE COX

Mr. and Mrs. Vern D. Cox of Pasadena have announced the engagement of their daughter, Mary La Verne, to Deane O'Dell Pennock, son of Mr. and Mrs. Charles E. Pennock, 120 S. Baldwin. The bride-elect is a graduate of John Muir High School and attended Pasadena City College. Mr. Pennock is also a graduate of John Muir High School and is now serving with the U.S. Army. He is stationed at the Presidio in San Francisco with the Sixth Army Band. The couple have participated in many musical presentations throughout Southern California. No date has been set for the wedding.

New Yorkers Visit The Ulrich Paiges

Mr. and Mrs. Ulrich Paige of 497 Orange Grove are entertaining as house guests Mr. and Mrs. Edward Bierna of New York and their 14-year-old son, Edward Jr.

Mr. Bierna, a distinguished attorney, has been attending the National Conference in San Francisco, which also was attended by U.S. Supreme Court Chief Justice Earl Warren.

A number of parties and social events have been planned for the Biernas during their stay here.

MICHIGAN HOLIDAY

Mrs. Archie G. Bonn and Mrs. Minnie G. Pettit, 155 San Gabriel Court, have returned from a three-month stay in Michigan, where they visited friends and relatives.

Read local news in The News.

Notice of Price Increase

In keeping with dry cleaners throughout Greater Los Angeles, Pasadena, Arcadia and Monrovia, and sanctioned by the Southern California Cleaners and Dyers Association, the cleaners of Sierra Madre find it necessary to make a small increase in their prices.

Since 1939 the cost of living in this area has increased 92% while during this same period dry cleaning prices have only increased 25%. Even after this small increase the cost of dry cleaning to the consumer will have increased less than one-half as much as the general living cost has increased in the past few years.

The New Price List Went Into Effect Monday, July 16

Children's Theater to Present 'That's the Hawaiian in Me'

Phyllis Parker, ticket chairman, has announced that tickets for the summer production of Children's Theater, "That's the Hawaiian in Me," are now available from members of the cast.

Three performances will be given, at 7:30 p.m. July 26 and July 27, and at 2:30 p.m. July 28.

"Although our prime objective is an educational creative experience for the children participating in Children's Theater," said Maria Stewart, general director of the group, "an important secondary objective of our summer production, 'That's the Hawaiian in Me,' is for the 'Hawaiian' in every child in the cast to inspire a bit of Hawaiian magic in every youngster in the audience."

Children in the cast include: Nancy Bailey, Jim Berry, Brook Blakely, Michael Blakely, Barbara Blakely, Brooke Boldemann, Christy Boldemann, Nancy Boldemann, Carol Boyd, George Boyd, Julie Boyd, Barbara Campbell, Bonnie Jean Campbell and Chris Campion.

Also, Kittye Campion, Molly Campion, Susan Castelan, Teresa Castelan, Craig Carmel, Sherry Carmel, Michael Chase, Patty Ann Chase, Jan Conzelman, Judy Crook, Linda Crook, Terry Crook, Nancy Dane, Joseph Dauben and Laura de Virgilio.

Also, Frank de Virgilio, Gail Hefti, Michael Hefti, Eddie Hegler, Linda Herrold, Bryan Johnson, Craig Johnson, Cynthia Lance, Pamela Lance, Wendy Lance, Douglas McAdam, David McAdam, Kip McBane Barbara McBane and Marto McBane.

Also, Mary Ann McKey, Patty McKey, Gregory Mangum, Marcia Mangum, Merlynn Meachan, Carol Martin, Patty Martin, Francis Martin, Ann Molino, Susan Molino, Jim Morse, John Morse, Maya Morse, Richard Morse and Tom Morse.

Cal-Edison Co. This Week Marks 60th Anniversary

From a pioneer electric plant costing a total of $11,000 to a vast network of facilities representing an investment of $960,000,000—that's the growth story of Southern California Edison Company, which this week celebrates its 60th anniversary.

In an announcement heralding the 60th birthday, Edison President Harold Quinton disclosed that the company will pass the billion--dollar mark in plant investment late this year.

The first plant, called the West Side Lighting Company, was incorporated in 1896. Its total "connected load" consisted of five commercial arc lights and three street arcs.

Today, Southern California Edison Company operates 33 electrical generating plants, and serves almost 4,000,000 people in an area extending through 10 counties in Central and Southern California.

Cub Pack Plans Mountain Trip

Cub Pack No. 371 is off for the mountains and its first hiking trip of the summer program. Cubmaster William Barnes announced that the Cubs and their families will meet at the Congregational Church this Saturday at 8 a.m. to go to Crystal Lake.

Some will spend the day and others will remain overnight and camp out under the stars.

Council Okays Two Stop Signs

(Continued from Page 1)

In a report on the Water Department, Mr. Roberts, chairman of the Water Committee, noted that the department's income is some $13,000 under expectations. As a result he recommended the reduction of budget items by $18,000.

He also reported that the Water Committee has recommended a depreciation fund of $44,000 and capital outlay fund of $53,000. Despite the budget reduction, the city will move ahead with its program to overhaul the Water Department.

IN OTHER ACTION, the Council:

1—Noted carefully the contents of a letter from Miss Jessie Dunning (see Letters to Editor) and instructed Mr. Bevington to inform her in writing that the Council appreciates her concern over the city's water problem, but that highly qualified advice has been obtained from experts and that the water system is being handled adequately.

Miss Dunning maintained in her letter that the size of proposed new water mains will not be sufficient in case of a serious fire or bombing attack.

2—Reappointed Hugh Colvin to the Library Board and also appointed Rev. George Lindsay of the Congregational Church as a new board member.

3—Postponed until next Tuesday's meeting the application of the Southern Counties Gas Co. for a general rate increase.

a peek at THE STARS

By LYN CONNELLY

PARAMOUNT expects to release a film version of **Joe E. Lewis'** life titled "The Joker is Wild" (by co-incidence the same title as his autobiographical book) . . . **Frank Sinatra** will star in the picture as well as share in the production chores with Lewis . . . **Danny Kaye,** whose current pic, "Court Jester," was not up to his usual standard, may be cast soon in an original play, "Merry Andrew" for MGM . . . Kaye is also slated to star in "The Red Nichols Story."

The life story of Bandleader **Ben Bernie** will be entitled "The Old Maestro," a welcome relief from the flood of "The So-and-So Story" . . . Nice to hear an original once in a while . . . "Interrupted Melody" made a much better name, too, than "The Marjorie Lawrence Story" . . . The latter type-title seems to be the lazy way out of naming movies . . . **Janet Blair** will replace **Nanette Fabray** on the **Sid Caesar** show next fall

PLATTER CHATTER

CAPITOL: — Gordon MacRae, whose voice gets bigger and better but who remains undiscovered by record fiends, has a sure-fire hit in "I Asked the Lord" . . . Flip side has "One Misty Morning" . . . Joe "Fingers" Carr rolls out "Portuguese Washerwomen" on the piano backed by "Lucky Pierre" . . . Real cool playing . . . Tommy Leonetti has a disc that shapes as a hit, too . . . It's "Free," beautiful and beautifully done . . . Reverse has "It's Wild." Merrill Moore belts out "Rock Island Line" in zingy fashion . . . It's backed by "King Porter Stomp" . . . **Les Paul** and **Mary Ford** come up with "Send Me Some Money" and "Say the Words I Love to Hear."

THESE MEMBERS of Sea Scout Ship 391 will hold a raffle tomorrow night at the band concert in the park. Tickets are 50 cents each, and the prize is on HO-gauge model train layout. Included are a freight train and scenery (station, etc.) mounted on a 6x8 plywood board. The Ship is commanded by First Mate Leonard Barrett, left, and Skipper Dick Wolters, both wearing caps. Tickets are available at Barrett's Home Gardens. Proceeds will go for materials to make sabot sailboats.

Zoe Barter Wins Scholarship

Miss Zoe Barter, daughter of Mrs. Marjorie C. Parker, 675 Orange Drive, Sierra Madre, has been awarded a tuition scholarship by the New Mexico Institute of Mining and Technology, in Socorro, N. M.

Miss Barter was graduated this spring from Pasadena High School, where she obtained a background for a career in the field of science. She will continue her scientific studies in college.

Miss Barter is one of the few out-of-state students to receive such a scholarship. She earier received a California State Scholarship and has not yet decided which to accept.

WANT TO FIND IT?—LOOK IN THE WANT ADS

LESSON-SERMON

The Lesson-Sermon on "Truth" to be read Sunday in First Church of Christ, Scientist, points out how the understanding of truth has been the desire of all mankind from early Bible times. David's prayer to God, as given in the Golden Text from Psalms (86:11) says, "Teach me thy way, O Lord; I will walk in thy truth: unite my heart to fear thy name."

Adult Group Takes Theme From Bible

The Fortnighters, adult discussion group at the Congregational Church, will begin a new series of programs Friday night in the parlors of the church.

The theme is "Great Ideas of the Bible," and the group will examine the Old Testament, particularly the Books of the Prophets, in the course of the study.

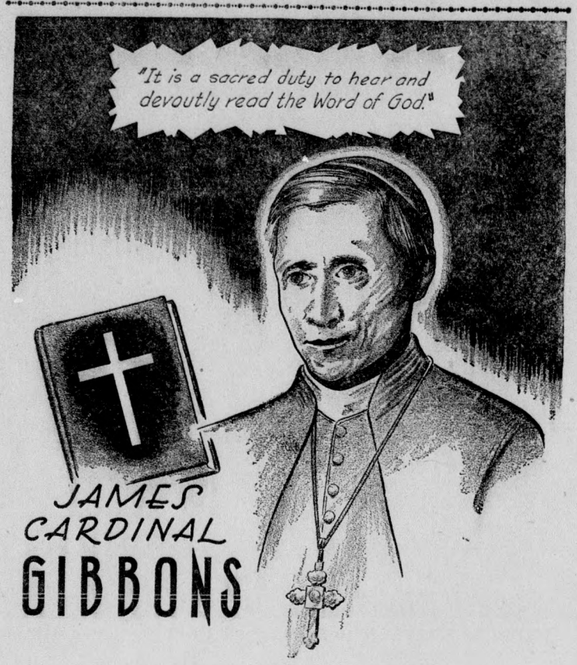

Following the discussion, which will begin at 8 p.m., the group will adjourn to Pritchard Hall for recreation and refreshments. Anyone interested in exploring the great ideas of the Bible is welcome to attend.

On Sunday, the Rev. George Lindsay will preach on the theme, "A Peculiar People." He will look at the Jewish people, their contribution to the religious life of the Western world, and their place in history. Services are held at 9:30 and 11 o'clock, with church school at 9:30 and child care at 11.

Bible Reading a Sacred Duty

'Two Journeys' Is Sermon Topic

"Two Journeys" is the sermon topic Sunday of the Rev. Morton T. Kelsey, rector of St. Luke's Episcopal Church at California near Foothill, Monrovia.

Rev. Kelsey returned this week from a three-month leave of absence during which time he studied Depth Psychology at the Carl Jung Institute, Zurich, Switzerland.

Morning prayer will be at 10 a.m. during the summer. Holy Communion on the first Sunday of each month will be at 8 a.m.

Your YES vote on Proposition 4 will

STOP The Spoilers!

A century ago, when America's natural resources seemed inexhaustible, waste and reckless exploitation were the order of the day. **The slogan of the spoiler was: "The public be damned!"**

Protect Our Natural Resources

We've come a long way since the Robber Baron era. We've fought to save our precious resources from devastation. We've insisted on conservation—to protect our timber, our topsoils, our water, our fish and game.

Today in California, we have to battle for conservation once more: to save our oil—our most valuable resource of all—from the irresponsible, wantonly wasteful practices and the public-be-damned attitude of the spoilers!

Let's GO forward with 4

Proposition 4—the Oil Conservation Act on the November ballot—will establish a State Oil and Gas Commission to put into effect modern conservation practices which the great majority of responsible California oil producers are ready and willing to abide by.

Double California's Oil Supply

Production methods made possible by Proposition 4 will double California's recoverable oil. Expert petroleum engineers agree on this. Even the opponents of the Act begrudgingly admit that fact.

What does that mean for you—and for all Californians? It means:

- More jobs and business prosperity.
- A huge new source of tax wealth for State, counties and school districts—to help ease ***your*** tax burden.
- Less dependence on foreign oil supplies—a life or death matter in time of national emergency.

Keep Gas Prices Down

Proposition 4 means price protection for you as a motorist--for greater supplies of California oil will help keep gasoline prices down!

Oil Conservation is in ***your*** interest—the public interest.

The Spoilers' way is the backward way.

Let's go ***forward*** with 4!

Vote yes on 4

Citizens Conservation Committee for Proposition 4

870 Market St., San Francisco — 3107 Wilshire Blvd., Los Angeles

MAJOR GENERAL R. E. MITTELSTAEDT
Former President, State Public Utilities Commission

LEWIS GOUGH
Past National Commander, The American Legion

Lamplighters Slate Luau

The Sierra Madre Lamplighters met in the Tom O'Rourke home, 241 Ramona, for a casserole dinner and to celebrate, en masse, their wedding anniversaries.

Each couple brought their wedding picture, or facsimile, and prizes were awarded to George and Marvina Matthews, the most recently married couple, and to James and Jane Wolfe, for the couple whose wedding had occurred the farthest distance from Sierra Madre.

Highlights of the evening's festivities was when the group dressed Herb Bauer and Jim Weber as brides.

Two new couples, Andy and Claudia Andrews and the Matthews, were welcomed into the group.

The Lamplighters have scheduled a luau July 28 in the Arcadia home of Lily and Lane Jasper, 1919 Wilson Ave.

The guests all are invited to bring their swim suits and come early enough to enjoy a dip in the pool.

Assisting at the event will be Kate Smith, Catherine and Sam Kirk, Mary and George Robbins and Leondean and Ralph Roos.

Schaper Family Leaves to Attend Church Parleys

Dr. and Mrs. Robert Schaper and family leave today for two weeks of speaking at conferences upstate.

He is featured speaker at a one-week conference of central California independent churches to be held at Beulah Park near Santa Cruz. Following that he will be the inspirational speaker for a one-week conference of nearly 300 high school young people at the Christian Endeavor camp at Hume Lake near King's Canyon.

Bethany Church, now convening its regular services in the school auditorium, next Sunday will hear the Rev. Raeburn Woodson, former assistant pastor of the church, at the morning service.

The Earle Anderson family, well-known Sierra Madre musicians, will present a farewell concert for the evening audience next Sunday at 7. The Andersons are leaving in a few weeks for Portland, Ore., where Mr. Anderson will assume new duties in the music department of Cascade College.

Sermon Subject At Faith Lutheran Is 'Sons of God'

"What It Means to be 'Sons of God'" is the theme which the Rev. A. Hesse has chosen for his Sunday sermon at Faith Lutheran Church, 835 Hastings Ranch Drive. The service begins at 10:30 a.m.

In his sermon the pastor will speak on the adoption procedure which establishes this relationship, and on the evidences, advantages and privileges of this relationship. Miss Lillian Bollinger will be the organist in the Sunday worship hour.

At 9:15 Sunday morning, the Sunday School will present the mission film, "Shades of Darkness," depicting the work of the Lutheran Church in Mexico. The 30-minute film is in color.

Discussion of the subject and picture will follow. This is another in the summer film series on "The Missions of Our Church," a program which to date has met with enthusiastic response on the part of parents and children.

The public is invited.

J. W. Moore Ordained as Missionary

At an impressive ordination ceremony last Sunday Bethany Church ordained to the gospel ministry Mr. J. W. Moore, recent graduate of Talbot Theological Seminary in Los Angeles and a member of Bethany Church.

A presbytery of ordained ministers and representatives of the boards of the church examined Mr. Moore at a two-hour session Sunday afternoon. They unanimously recommended that the church proceed with his ordination.

Dr. Schaper preached the ordination sermon, and the ordination prayer was offered by the Rev. A. E. Loose, a retired missionary to Africa now living in Sierra Madre, and a member of the church.

The. Rev. Harvey Stranske, brother-in-law of the candidate and himself a missionary to the Sudan now home on furlough, gave the charge to the candidate and his wife, and then to the church.

Mr. and Mrs. Moore will leave sometime in August for their chosen field of missionary service in Peru under the South American Indian Mission.

LAFF OF THE WEEK

"We'll probably get some complaints about it tastin' like plain water until we sell enough to buy some lemons!"

Storkland

Mr. and Mrs. Stuart M. Fried, 450 E. Laurel, are the parents of a son, Richard Gary, born June 27 at St. Luke Hospital and weighing 7 pounds 10 ounces. The maternal grandparents are Mr. and Mrs. Alfred Schwarz of Yonkers, N. Y. The paternal grandparents are Mr. and Mrs. Charles Fried, 77 N. Lima.

* * *

A DAUGHTER, Melinda, was born to Mr. and Mrs. Michael Suman July 10 at St. Luke Hospital and weighing 8 pounds 2 ounces. The paternal grandparents are Mr. and Mrs. A. L. Suman, 332 Sturtevant Drive. The Sumans have a son, Michael, 3.

PAYS $25 FINE

Henry Braun Nuetzel of 700 Acacia, Sierra Madre, paid a $25 fine last Thursday in El Monte Municipal Court on a drunk charge. Nuetzel, a former Sierra Madre city councilman, was accused of using profanity during his arrest in the presence of small children, and while he was being booked at Temple City sheriff's station.

Sea Scouts Take Five-Day Cruise

Six Sea Scouts of Ship 391 left from San Diego recently on a five-day cruise aboard a Navy attack transport.

Those enjoying the cruise were Jim Irwin, Roger Berkshire, Bob Walters, Joe Cahill, Bob Kingsbury and Bob Willis.

This summer the Scouts also spent a day sailing at Cabrillo Beach, and a day deep-sea fishing on the boats of Bob Thomas and Paul Cook.

CLOSE POOL TUESDAY

The Canyon Swimming Pool, normally closed every Monday, will also be closed all day next Tuesday while workmen administer a coat of paint, Harold Turner, pool manager, announced yesterday.

SEASON NEARS END

Only two more weekends remain in Crowley Lake's 1956 "big-fish parade," Southland's anglers were reminded this week by the Los Angeles City Recreation and Park Department. Crowley's 1956 season will end July 31.

Stafford-Fergus Engagement Told

Mr. and Mrs. Newton Stafford of Austin, Tex., have announced the engagement of their daughter, Joyce Ann, to Lt. John E. Fergus, son of Mr. and Mrs. John S. Fergus, 165 E. Sierra Madre Blvd.

Lt. Fergus is a jet pilot instructor at Brian Air Force Base in Texas. He is also attending the University of Texas, where he is studying aeronautical engineering.

Prior to entering the service six years ago, Lt. Fergus attended Sierra Madre Elementary School and Pasadena City College.

The couple plan to be married next Dec. 15 in Austin.

As a rule most New Year's resolutions are forgotten by the time the frost is out.

Some folks never appreciate a favor until the time comes that they need another.

Temple Services Start at 7:15

Rabbi Charles W. Steckel, spiritual leader of the Foothill Jewish Community Center, Temple Beth Israel, 212 N. Lima St., announced this week that during the summer Friday evening services will be held at 7:15 p.m. and Saturday morning services at 9 a.m.

$25,000 GIFT

The receipt of a gift of $25,000 to the California Institute of Technology from the Radio Corporatino of America was announced this week by L. A. DuBridge, president.

DEPUTIES GRADUATE

Some 63 deputies have completed six weeks of basic law enforcement training at the Sheriff's Academy and received their diplomas at graduation ceremonies July 17.

VILLA VIEWS

By Toni Maurin
SYcamore 7-9634

I have been thinking about what people mean when they talk about the good old days, and I believe I understood their remarks. It's true that we now have so many labor-saving devices that we have much more time to run around and create more things to do. That sounds a little complicated, doesn't it, but so is life. Seems like people are so nervous and rushed any more that they scarcely have time to do the simple little ordinary things that they would enjoy the most. Now, it's take another nerve pill and be on your way to bigger and better things. Wouldn't it be fun to slow down a bit and enjoy the pleasures we have around us?

THE J. C. WILFONGS of 3250 Mesa Loa Lane returned this week from a trip East to meet Mrs. Wilfong's brother, who just returned from Australia. He returned to California with them. They were gone about two weeks.

* * *

DR. AND MRS. Alfred E. Sandblom of, 1890 Kinneloa Mesa returned last week from an extended tour of the East and the Middle West. They went back for their daughter Linda's graduation from the Hampden Du Bose Academy in Zellwood, Fla., and brought her home with them.

* * *

MRS. CHARLES Goldsworthy of 3515 Fairpoint returned last Saturday from a flying trip to Sumner, Wash., where she visited with her sister for a week.

* * *

MR. AND MRS. A. E. Acker of 3330 Vosburg left for the most exciting trip imaginable this week. They are flying their own Twin Bonanza plane from here to Maine, on up to Labrador, to Greenland, Iceland, and then across the Atlantic to Scotland or Norway. They have already obtained all of their permits so that they will be able to tour Europe. They are carrying every kind of survival equipment imaginable and all of their luggage with them. They plan to be gone from six to eight weeks.

* * *

THIS IS SUCH an exciting week for news. People are coming and going for such wonderful trips that I find it hard to remember my tender little plants that I am so virtiously watering.

* * *

DR. AND MRS. M. H. Simmers of 3426½ Barhite returned this month from almost a three-month tour of Europe. They left from here and went to New York where the doctor attended some meetings and Mrs. Simmers went on to Bermuda for a few days. From New York they flew to London, then on to The Hague, and then over to Stuttgart, Germany, where they picked up a little Porsche car. They toured the Rhine Valley and Germany, on to Austria where they stayed a few days with friends in Linz. From there they went to Italy where they toured through Venice, Florence and Rome. They left their car in Rome and flew to Athens, Cairo and Luxor and then back to Rome where they picked up their car again and headed south to Sorrento, Pompeii and Capri. They drove the Amalphi Drive in Italy along the Italian Riviera and then to Milan. They covered a great deal of Switzerland by car and then went north to France and on to Belgium. They left their car in Rotterdam and from there flew on to Stockholm and Denmark where they took the Polar flight home. Now they are getting their plans ready to build a new home.

* * *

THE PAUL SIECHERTS of 1175 Mesita Road are happy to report that the work has started again on their swimming pool after a delay of almost five weeks.

BALLET RUSSE

The Ballet Russe de Monte Carlo opened at the Greek Theater in Griffith Park on July 16. Ballets being presented are: July 16-18, Swan Lake, Pas de Trois, Gaite Parisienne; July 19-21, Gisselle, Pas de Deux I, Capricco Espanol; July 23-25, Mikado, Pas de Deux II, the Mute Wife, Schehehrazade, and July 26-28, Les Sylphides, Pas de Deux III and Coppelia.

PEANUTS, POPCORN, chewing gum, candy, horseback rides, ball throws, cake walks and fish ponds were the order of the day last week in the John Fricke back yard at 3366 Barhite at a carnival with about 50 neighborhood children in attendance. The show was planned by the three Fricke girls, Ann, Beryt and Dana, and Laurie Phillip, daughter of Mr. and Mrs. David Phillip of 1695 Sierra Madre Villa. The girls painted and delivered all the invitations in the forms of clowns and balloons via horseback to the surrounding area. They provided homemade popsickles, popcorn balls, punch, cupcakes and prizes for each lucky investor of just two pennies.

Ranch Dance Club Goes Hawaiin At Alsop Luau Around the Pool

An authentic air was lent to the luau of the Hastings Ranch Dance Club Saturday night by a pair of hula huts, palm trees, strings of shells and colored lanterns.

Held on the patio and around the pool of the Donald Alsops, 785 Hastings Ranch, the party was the monthly affair of the club. The serving table was laid with a fishnet cloth and centered by arrangements of fruit, shells and hibiscus.

Guests were presented with leis, and prizes were awarded in hula contests and for most appropriate costumes. A midnight supper of chow mein, fresh pineapple and rice cakes was served to guests seated on the ground, luau fashion. Dancing was held on the badminton court, with music coming from speakers set at each end.

In addition to the Alsops, hosts were Mr. and Mrs. Horace Ray, Mr. and Mrs. Jack Steffens and Mr. and Mrs. Peter Hurtig. Others attending were Mr. and Mrs. Dick Beattie, Mr. and Mrs. Bob Buttcane, Mr. and Mrs. Cal Brown, Mr. and Mrs. John Calmer, Mr. and Mrs. Joe Cummins, Mr. and Mrs. John Fricke, Mr. and Mrs. Bud Gero, Mr. and Mrs. Howard Hitchcock, Mr. and Mrs. Charles Hurter, Mr. and Mrs. Draper Jennings, Mr. and Mrs. Karl Johnson, Mr. and Mrs. Russell Pooler, Mr. and Mrs. Phil Saurenman, Mr. and Mrs. Will Stewart and Mr. and Mrs. Rolland Whited.

Numbers to Call With Ranch News

Those having news for the Hastings Ranch Section are asked to call Lucie Lubisich at ELgin 5-1921, for the Lower Ranch, and Marge Thomas at SYcamore 3-2743, for the Upper Ranch.

Nov. 17 Date Set for 1956 Trinity Fair

Vacations may still be in the offing, but women of the Trinity Presbyterian Church Guild are thinking of Christmas. The reason is simple. They are planning for their annual Trinity Fair.

The date has been set—Nov. 17—and work parties are being scheduled throughout the summer months to have many items ready for the bazaar.

Circle representatives working on the fall event are Mrs. Norman Kramer, Mrs. Jack Steffens, Mrs. Roland Kemp, Mrs. Karl Johnson, Mrs. Norman Smiley, Mrs. Craig Boorey, Mrs. S. C. Deal and Mrs. Lloyd Beck.

As usual, needlework and other items for gift giving will be offered. One booth eagerly anticipated will offer dried arrangements. Vacationing Guild members are urged to look for and bring home artistic pieces of driftwood, seashells and other dried materials.

No regular Guild meetings are scheduled through the summer, the next monthly luncheon being set for Sept. 18.

But the women will be very busy, as indicated.

Proof that when the women of the church set out to do a job they do it well lies in the the new Christian Education Building, to be paid in five years, has been paid off in 1½ years. The first check toward their $5,000 pledge was made in February 1955 and the last payment in June.

14 Selected On Ranch All-Stars

Fourteen Hastings Ranch Little Leaguers were selected by the managers last week to comprise the All-Star team that will represent the local Little League in the sectional tournament starting July 26 in Arcadia.

The Hastings Ranch team meets the Arcadia Santa Anita League representative in the opening round on the west diamond just east of the Arcadia City Hall. Game time will be 5:30 p.m. in the tournament that will eventually end in the Little League World Series in Williamsport, Pa., later this summer.

Bud Winterbottom will manage the All-Stars, assisted by John DuBois.

If the Hastings team wins its first game it will meet the Pasadena National League team the following evening.

Although boys 11 and 12 years of age are eligible for All-Star play this year, the Hastings team is comprised entirely of 12-year-olds.

The All-Star squad consists of Steve Saurenman, John Wallace, Dick Whited, Sterling Peacock, Bill Taylor, Jock McGraw, Alfred Alvarez, Len Read, Bill Carr, Norman Kremiller, Dennis Walburger, Ed Buckle, Gary Nouskajian and Bret Horn.

H. S. Vogelins Home from Trip

Mr. and Mrs. Harold S. Vogelin, 1090 Valley View, and their son, Ricky, have recently returned from a month's stay in the East.

A large portion of their time was spent visiting Mrs. Vogelin's parents, Mr. and Mrs. W. C. Dudgeon, in their Detroit, Mich., home.

They also attended a convention in Kansas City, Mo.

Harry Fergusons Hosts To Richmond Visitors

Mr. and Mrs. Harry Fergugon, 3715 Landfair, were hosts recently at a barbecue party honoring Mr. and Mrs. David Kilgore and their children, Kate and Peter, of Richmond, Va.

Other guests were Mr. and Mrs. Donald Kilgore, Los Angeles, and Mr. and Mrs. R. D. Dodge, Sierra Madre.

Wendell J. Booths Host E. F. Rhudys

Lt. Col. and Mrs. E. F. Rhudy and their children, Joel and Lisa, spent a two-week visit with Mr. and Mrs. Dendell J. Booth, 3755 Denair, and their daughter, Wendy.

The Rhudy family was enroute from Maxwell Air Force Base in Montgomery, Ala., to Anchorage, Alaska, where Col. Rhudy will serve his next tour of duty. They are making the trip to Alaska by auto.

J. H. Brown Jrs. Attend Funeral Of J. H. Brown

Mr. and Mrs. J. Harvey Brown Jr., 1405 Hastings Ranch, and their children, David and Jan, enplaned for Pittsburgh, Pa., to attend the funeral of Mr. Brown's father, J. Harvey Brown, who died June 30 in Pittsburgh Hospital.

Besides Mr. Brown, the deceased is survived by his wife, Mrs. Elsie B. Brown, and a sister, Margaret G. Brown.

Friends in the Ranch will recall Mr. and Mrs. Brown Sr. visited Southern California last year.

Ranchettes . .

A second child, Laura Leah, was born to Mr. and Mrs. George J. Pastre Jr., 1065 Hastings Ranch, July 7 at Huntington Memorial Hospital, weighing 6 pounds, 9½ ounces. The maternal grandparents are Mr. and Mrs. Wade Robinson of Long Beach, Calif. The paternal grandparents are Mr. and Mrs. George J. Pastre of Pasadena. The other Pastre child is Larry, 6.

* * *

Mr. and Mrs. Andrew J. Decker Jr., 1315 Leonard, are the parents of a son, Stephen Francis, born June 22 at St. Luke Hospital, weighing 8 pounds, 8 ounces. The maternal grandparents are Mr. and Mrs. George Roberts of Jacksonville, Fla. The paternal grandparents are Mr. and Mrs. Andrew J. Decker Sr., of Rockport, Mass. The other Decker children are Andy, 5½, and Marsha, 2½.

* * *

A son, John Michael, was born to Mr. and Mrs. John E. Kelly Jr. June 26 at St. Luke Hospital, weighing 7 pounds, 14 ounces. The paternal grandfather is John E. Kelly of New York City. The Kellys have two other children, Ann, 6, and Claire, 4.

Gerald R. Faheys Return From East

Mr. and Mrs. Gerald R. Fahey, 1215 Coronet, and their children, Margaret Ann, Mary Beth and Tom, have returned from a six-week holiday in the East.

Two weeks of the time was spent visiting Mr. Fahey's parents, Mr. and Mrs. Thomas E. Fahey, in Bridgeport, Conn., and the better part of a month was spent with Mrs. Fahey's family, the W. J. Prestons, in Orillia, Ontario.

The Faheys made the trip by air.

NEW BANKS

First Western Bank and Trust Co. has just received approval of the state superintendent of banks for the establishment of six new banking offices, T. P. Coats, board chairman, announced yesterday. The new branches are to be in San Francisco, Sacramento, Fresno, Bakersfield, Fullerton and Sanger.

By Judy Jennings
ELgin 5-1808

Sue Riecke, her brother and family are looking forward to two wonderful weeks down at Laguna Beach.

* * *

PRISCILLA WATSON and her family enjoyed four lovely days at Lake Tahoe and then went on to San Francisco to spend five days seeing the town.

* * *

PAT HENGER and Nancy Grant went to the Presbyterian Church's Mar Casa on Balboa Island for a week.

* * *

LYNN PERLIN in quite busy this summer, taking English and math at summer school. In August she and her family will spend two or three weeks at the beach.

* * *

SANDY TIERNEY is a lucky girl—having two vacations this summer. She and her family spent a week at Las Vegas and later on—in August— they will spend another three weeks at the beach.

* * *

JUDY EVEREST and her family will soon take off for a vacation in the Redwoods Then her father wants to spend a nice week at home on his vacation.

* * *

NANCY COLLIER and her family will spend their vacation on Catalina Island.

* * *

MALINDA AND Carolyn Howell, brother, mother and dad are up at Lake Tahoe. They've been there many times and love to go back.

Shepherds Host Series of Summer Poolside Parties

Mr. and Mrs. Phillip F. Shepherd, 3760 Fairmeade, entertained members of her bridge club and their husbands at a poolside barbecue Saturday night.

Enjoying swimming and a charcoal broiled dinner were Mr. and Mrs. Fred Brown, Mr. and Mrs. Owen Johnson, Mr. and Mre. Kjell Lingheim, Mr. and Mrs. Stan Huntsberger and Mr. and Mrs. Fred McBrien, all of San Marino; Mr. and Mrs. William Staub, Arcadia, and Mr. and Mrs. Jack Shepherd, Altadena.

Saturday night's party was one of a series the Shepherds give each summer around their pool. Twenty-seven guests were on hand for a Fourth of July affair, and others are planned through July and August.

Mrs. Shepherd will be hostess Tuesday to the second in a series of benefit swim luncheon parties sponsored by Las Jardineras. Members are reminded to make their reservations with their hostess at least two days in advance.

By David Brearley

ON BOARD WESTWIND III—In this, my last report from Catalina Island, I want to tell you about a very interesting spot near the west end of the island.

Very few people know about it, and you find it only by hiking inland from a beautiful place called Emerald Bay. It is the site where many, many years ago there must have been a volcano. There is a small crater still to be seen, and lava rock covering the ground for some distance around the crater.

This volcano has been extinct for a long time, but very interesting rocks of all sorts which were thrown out of the earth can be found.

Another very interesting side trip was enjoyed by our crew when we cruised around the west end of the island and dropped our anchor in Catalina Harbor.

This is the largest harbor on the island and the safest when there are storms at sea. The commercial fishing boats come in to anchor overnight, and it is the quietest, most peaceful spot you can imagine.

After anchoring we all got aboard the little outboard dinghy and went over to explore the wreck of an old subchaser which had hit a rock. Just the pilothouse and forward half of the ship was still above water.

We went aboard and climbed around looking her over. It sure was a thrill. Every boy dreams of exploring a wrecked ship and, believe me, it is fun to look into the cabins and engine room and imagine where she has been, and the far-away places she has visited.

Farther out in the bay was the hull of what was once a beautiful motor cruiser which had caught fire and burned down to the deck. What was left of it was still afloat, and the charred remains rode at anchor not far from the shore.

On the other side of the bay was all that remained of a large four-masted sailing ship that used to carry cargoes all over the world. Some time ago a motion picture company bought her and used her in a picture, after which she was anchored in the bay only to rot away until now all that remains are the ribs and timbers sticking up out of the water. We had our camera with us and took some pictures of her and the wrecked subchaser.

The next morning we got out our fishing rods and in 18 minutes we had 20 fine rock bass ready for the frying pan.

By the time this reaches you we will be on our way home, and our vacation will be over until another year.

I've enjoyed reporting our trip to you and hope you had fun reading it, and so from my Mom, Dad and brother, Bob, a happy summer to you all from David Brearley on board the WESTWIND III.

Parish Council Slates Summer Dance Aug. 10

The Women's Parish Council of the Assumption of the Blessed Virgin Mary Catholic Church has announced its annual summer dance has been scheduled for Aug 10 at the Rainbow Angling Club, Azusa.

General chairmen for the event, Mrs. J. V. Frontino and Mrs. T. H. Dykeul, have announced a western theme will be used in the decorations and refreshments.

Everyone is invited to attend this gala affair and reservations may be made by calling Mrs. Frontino at SYcamore 3-2702 or Mrs. Dykuel at SYcamore 7-3026.

Sierra-Hastings Camp Fire Log

Ten new Camp Fire girls from Hastings Ranch returned yesterday from a week's camping experience at Camp Wasewagan, Seven Oaks, in the San Bernardino Mountains.

Campers were Marilyn Lee, Jeanne Jennings, Diane Hitchcock, Peggy McGraw, Gay Morisette, Ann Lubisich, Karen Buttcane, Susan Hurtig, Marlene Griffin and Karen Sue Cummins.

Eugene Field Camp Fire Girls, who "flew up" from Blue Birds recently, already have begun earning beads to adorn their Indian ceremonial cossumes. Barbara Shanks, Ann Lubisich and Cathy Orswell were hostesses at a picnic recently, which they planned themselves.

Their guests included Jeannie Jennings, Diane Hitchcock, Susan Hurtig, Irene Estrata, Karen Buttcane, Jackie Orswell, Mrs. Louise Orswell, Roger Shanks, Dick Farrell, Gwen Lubisich, Sheryl Dines and Mrs. Dorothy Shanks.

Ranch Demos Plan Next Meeting In September

Hastings Ranch Democratic Club will hold no meetings during July and August, directors announced this week, but will have an executive board meeting immediately following the national convention in August and will kick-off the fall season with the club's annual barbecue party in September.

Officers of the group are Jack McKenna, president; Robert Fainer, program chairman; Bill Dunn, ways and means chairman; Mrs. Channing Orbach, social chairman; Harry Alper, treasurer; Mrs. Myron Slobodien, secretary; Tom Yeakle, publications chairman; Fred Elmhirst, organization chairman, and Mrs. Walter Pankey, membership chairman. These comprise the executive board.

Street Dance Draws 65 From Old House Road

Baby sitters were at a premium last Saturday night as the entire adult population of Old House Road joined together at the turn-around to have a street dance.

The street was gaily decorated with Japanese lanterns and tourches, while the spaghetti and coffee were kept warm on a collection of braziers.

Music fanned out over the crowd as the neighborhood kicked up their heels and danced.

Mrs. Robert Mueller and Mrs. John Chapman were responsible for the planning and organization of the party which threatens to become a yearly occasion. Sixty-five people attended in the evening, bearing their share of the potluck dinner.

Needlework Guild Meeting July 25th

Members of the Hastings Ranch group of the Needlework Guild of America will meet at the Henry Asher home, 500 Gatewood Lane, for their regular monthly meeting July 25 at 10 a.m.

Co-hostesses for the luncheon and swimming party will be Mrs. Harry W. Elwood and Mrs. Al Tompkins.

Anyone interested in joining this group may call Mrs. Alpheus L. Pruitt, director, at ELgin 5-2915 or Mrs. James A. Gittinger, assistant director, at ELgin 5-2948 for further information.

ASKS RATE INCREASE

Southern Counties Gas Co. has filed an application with the California Public Utilities Commission in Los Angeles for permission to raise rates to return the company $4,737,000 a year, before taxes. If granted the increase would not go into effect until 1957. The proposed increase would add an average of 45 cents a month to the bill of the company's typical residential consumer.

Sports in Haste . . .

Play-Off Games to Determine Champs of Ranch Little League

By Charles Ayres

Two play-off games, Braves vs. Yankees and Braves vs. Reds, with a third game if necessary, are required to untangle the American League standings to determine a champion in the Hastings Ranch Little League.

The Brave-Yankee game, played Tuesday evening, was to determine the first-half winner, while the second-half champ will be decided this evening between the Braves and Reds.

The winner of each playoff game will meet Saturday at 2 p.m. on the north diamond at Hamilton Park to decide the league champion. In the event the Braves win both playoff games they will automatically become the champion.

The Braves tied the Reds last week by edging the Indians, 9-8, and then swamping the Reds in the showdown game, 17-5. Jock McGraw, with five hits in five times at bat, led the Braves' 19-hit attack that threw the final standings into a tie. The Reds, while being shelled unmercifully, aided the Braves' cause by committing seven errors.

Hits by Mike Ayres, John Wallace and Dick Whited overcame a one-run deficit in the last half of the sixth inning to salvage a 7-6 Red victory over the Yankees. The game was highlighted by brilliant fielding by Steve Saurenman and a last-inning spectacular catch by Bill Bausman.

After losing to the Braves to be eliminated from championship, the Indians mauled the Yankees, 17-2.

The Beavers have assured themselves of at least a tie for the National League second-half crown after winning the first half without a defeat.

Wins over the Angels and Stars returned the Beavers to first place after a one-week absence while the former leader, the Cubs, took it on the chin twice, 12-9 from the Angels and 16-10 from the Giants. In other games the Giants edged the Seals, 14-13, and the Seals stopped the Stars, 14-9.

Ten home runs highlighted the National League slugging.

The Coast League finished its season with the Red Sox atop the heap. Fredricks got six for six and Harris smacked a home run to lead the Red Sox to a 28-14 decision over the Rams. Harris' homer came with the bases loaded. When the winners weren't hitting they were striking out as the Rams pitcher, Hamilton, recorded 15 strikeouts.

The Eagles secured second place by beating the Dodgers, 21-18. Jacobs hit two home runs and Greg Morris one to highlight a game that saw the winners score in every inning.

League Standings

American League

	W	L	Pct.
Reds	6	3	.667
Braves	6	3	.667
Indians	5	4	.556

Now! Hot soup in 68 seconds when you cook electrically!

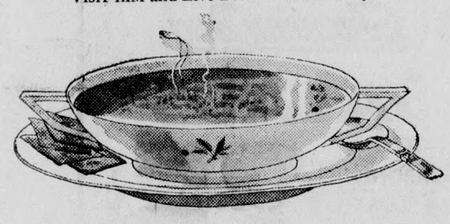

TODAY, NOTHING COOKS FASTER than a modern electric range. Hot soup in 68 seconds. Bacon and eggs in 3½ minutes. Instant coffee in 60 seconds. Fry, bake, broil or roast — electricity does it better.

THERE'S MORE: your kitchen is as much as 16° cooler. And cleaner. Pots and pans stay mirror-bright. Kitchen walls look fresh and new twice as long.

SOMEDAY YOU'LL COOK on a modern electric range. It's almost inevitable. But why postpone it? Edison rates are among the lowest in the country. What's more, Edison services your range *free* as long as you own it. (The only charge is for parts, when needed.)

IF YOU'RE STILL COOKING the old way, it's simply because you haven't seen the new '56 electric ranges at your appliance dealer's.

VISIT HIM and Live Better — Electrically!

Ranch Gossip

Bob and Virginia Buttcane, 3535 Landfair, enjoyed a few days at Palm Springs the other weekend, but are home for Ranch activities now. . . . A guest in the home of Bob and Mary Natzel, Betsy, George and Maggie, 3765 Canfield, is Mary's mother, Mrs. Joseph E. Walsh of San Antonio. Mrs. Walsh was here last summer to be on hand for Maggie's arrival, and is happily renewing her acquaintance with her three grandchildren. . . .

Nan White and small sons, Carter and Stewart, 3745 Mayfair, are visiting in her old home town, Casper, Wyo. They planned to stay with her parents for several weeks. . . . Dorothy Taylor, 3855 Canfield, and sons, Bill, Pat and Bob, with Little League season on the wane, are to be found at their Newport Beach cottage. Husband Dan commutes as often as possible.

Pact Awarded For Building of Branch Channel

Rep. Edgar W. Hiestand (Cal.) has announced that the Army Engineers have awarded another contract for the improvement of the Arcadia Wash Flood Control System.

The new contract designates $291,127 to Griswold Engineers Inc, for construction of the East Branch Channel, Colorado Place to Huntington Place.

Rep. Hiestand said the channel is scheduled for completion sometime in November and the entire job including cleanup should be completed by December.

The East Branch Channel together with the Lima St. Branch Channel which was just recently completed should take care of the largest part of the run-off from the Debris Basin, Mr. Hiestand said.

'Desk Set' Stars Shirley Booth in Downtown Run

Shirley Booth is starring in "The Desk Set" at the Carthay Circle Theater, which opened a four-week run on July 16. Miss Booth has starred in the comedy on Broadway for the past year. Featured with her will be three other members of the original cast, Frank Milan, Byron Sanders and Harry Ellerbe, with the latter also directing.

The show is the story of what happens in the research department of a large television network when a young efficiency engineer decides to install a mechanical brain there.

Miss Booth plays the head of the department, a woman with a photographic memory and a barbed wit, who is determined not to let the electronic robot jeopardize the jobs of herself and the other women there.

Miss Booth"s appearance at the Carthay Circle will mark the first time she has been seen on the stage here since her triumph in "Come Back, Little Sheba," six years ago.

Today is when we build a lot of tomorrows out of yesterdays.

AT SHOPPING BAG IN THE HASTINGS CENTER
3841 E. SIERRA MADRE AT MICHILLINDA
Friday, July 20 — 10:00 a.m. to 5:00 p.m.

Local Addresses:
PASADENA—3841 E. Sierra Madre in the Hastings Ranch.
ARCADIA—7 E. Huntington Drive, 1407 Baldwin Ave.
MONROVIA—140 W. Foothill.

HERE ARE THE "Big Four" of the Army's rocket and guided missile program. Set up for firing on the Army's proving ground at Huntsville, Ala., are, from left, the Honest John, the Nike, the Corporal and the Redstone.

Eastern Holiday For Mary Suman

Mary Suman, 332 Sturtevant Drive, flew to Boston on July 5 to meet her sister, Mrs. Charles Woodbury Howard, the former Nolie Suman of Sierra Madre.

After visiting the Howards in their home, "The Farm," in Hopkinton, N. H., Miss Suman will accompany them to their summer home on Lake Winnipesaukee.

Before returning home, Miss Suman will visit former classmates from Quarter Circle V Bar Ranch School, in Connecticut, Massachusetts and New York.

She will arrive in Southern California in time to enroll for the fall semester at Pasadena High School, where she has been elected girl cheer leader and president of the California Scholarship Federation for 1956-57.

Folks who put money into a reserve fund today are putting independence into their old age.

Library Cases Show Work of Younger Artist

By Alan Wood
Member, Exhibits Committee Friends of the Public Library

Robert Jenkins, one of Sierra Madre's younger artists, currently is showing small drawings and illustrations in the cases just outside the main entrance of the Library.

This reviewer is sure Library-goers will find them a pleasant diversion.

Not being familiar with Mr. Jenkins' work as a whole, I hesitate to subject this small showing to an extensive critical evaluation. Besides, judging from the sign placed with the show, Mr. Jenkins perhaps is interested more in harvesting odd art jobs than in gathering critical plaudits.

There are postcard-type water colors, story illustrations (mostly for children) and cartoons.

Included also is an assortment of line and wash drawings. Some of the line drawings showed better than average draftsmanship and a good sense of design.

TO DIRECT TOURNEY

Dr. Stuart E. Marsee, assistant superintendent of business for the Pasadena City Schools, has been named director of the Fifth Annual State Championship Tournament for the Babe Ruth Baseball League to be held Aug. 3-5 at the Brookside Park in Pasadena.

Mrs. Catheryn Elliott Home From Vacation

Mrs. Catheryn Elliott has returned from her five-month trip which took her to the Caribbean, Panama Canal, the Inca country, Vina del Mar in Valparaiso and through the lake region to Buenos Aires.

She traveled north to Montevidio, Sao Paulo and Rio de Janeiro, where she stayed six weeks on Copa Cabana Beach.

PEANUT BUTTER GIVES FINE FLAVOR

Next to an extra pair of hands we can think of few things more useful to the mother of a family than peanut butter. Children love it.

Peanut butter is packed with good protein and several important vitamins. And it may be used in many ways. The whole family will like its fine flavor in sandwiches and other dishes, too.

PEANUT BUTTER SANDWICHES

Spread one slice of bread for a sandwich with peanut butter, the other side with softened butter or margarine. In the middle put one of the following:

Sliced tomato and lettuce
Mashed or sliced banana
Sweet pickle relish
Finely chopped celery
Shredded carrots
Strips of crisp bacon
Jelly or jam
Chopped stuffed olives

CALIFORNIA PEANUT BUTTER BREAD

3 C. sifted flour
4 tsp. baking powder
1 tsp. salt
½ C. sugar
1 C. finely cut moist dates
1 egg
½ C. peanut butter
1¼ C. orange juice

Sift flour, baking powder, salt and sugar into mixing bowl. Put in dates and mix until they are well distributed in dry ingredients. In another bowl, beat egg slightly and blend in peanut butter. Slowly beat in orange juice. Add liquid ingredients, all at once, to flour mixture. Stir just enough to moisten flour. **Do Not Beat.** Turn batter into oiled, waxed-paper lined 9 x 5 x 3 in. loaf pan. Push batter to corners and sides of pan, leaving slightly hollow in center. Let stand 20 min. before baking. Bake at 350° 50 to 60 min.

Let bread cool on rack. Wrap and store 12 to 24 hrs. before using. This storing mellows the loaf, and it will slice much better than when first baked.

PEANUT BUTTER COOKIES

1¼ C. sifted flour
¾ tsp. soda
½ tsp. baking powder
½ tsp. salt
½ C. shortening
½ C. peanut butter
½ C. brown sugar, firmly packed
½ C. granulated sugar
1 egg, beaten

Sift together flour, soda, baking powder and salt. Cream shortening and peanut butter together. Gradually cream in sugars. Add egg and mix well. Blend in sifted dry ingredients. Chill dough if necessary for easy handling. Shape dough into small balls and place on oiled cookie sheet. Flatten cookies by pressing with fork that has been dipped in flour. Bake at 350° for 12 to 15 minutes.

PEANUT BUTTER MILK SHAKE

¼ C. peanut butter
2 Tbsp. sugar
¼ tsp. vanilla
Pinch of salt
2 C. cold milk
Nutmeg
Vanilla ice cream

Mix peanut butter, sugar, vanilla and salt in a bowl. Slowly add ¼ C. of the milk, mixing until smooth. Gradually beat in remaining milk. Fill glasses about ⅔ full. Sprinkle in a dash of nutmeg and add a scoop of vanilla ice cream. Enjoy at once.

Library Adds New Books To Its Shelves

The Sierra Madre Public Library this week reported acquisition of the following new books:

CAPTAIN'S BRIDE, GENERAL'S LADY, by Maurine Clark, wife of Gen. Mark Clark. The gay and friendly autobiography of a happy person, one whose marriage throve in spite of war, fame and awesome responsibilities. At the end one gets a sense of Gen. Clark's restiveness in carrying out the policies with which he was unsympathetic in the Korean armistice, but in the main it is not a political book.

A SINGLE PEBBLE, by John Hersey. An engineer's trip by junk up the Yangtze River to locate a site for a dam. As he relates it years later he symbolizes the contrast between the western idea of progress and the tempo of living and passive resignation of China's ancient culture and traditions. The story pictures the relationship between the young engineer and the owner of the junk, his wife and members of the crew and gives a dramatic account of the physical grandeur of the Great River.

THE GREAT CAPTAINS, by Henry Treece. A tempestous novel of Sixth Century Britain, when the great warrior Artos united the Celtric tribes to fight the invading Saxons and Jutes, and the marauding Picts. This story of Artos, the probable King Arthur of legendary fame, abounds in bloody battles, treachery and tragedy.

I AM A CONDUCTOR, by Charles Munch. A treasure chest of musical essays by the conductor of the Boston Symphony Orchestra, offering insights into the training, dedication and enormous amount of study involved in interpreting music to an audience through the medium of a symphony orchestra.

FRONTIERS OF ASTRONOMY, by Fred Hoyle. The rapid progress since the 1930s in nuclear physics has given rise to new theories of astronomy. Fred Hoyle's fascinating book gives an account of the whole evolution of inanimate matter for the layman. Includes charts and photographs, many of which were taken with the 200-inch telescope at Mt. Palomar.

Other books, non-fiction: Moscow Was My Parish, Bissonette; All the Best in Spain and Portugal, Clark; Encyclopedia of Jazz, Feather; Landscaping for Western Living, Sunset Magazine; New Lives for Old, Mead; Bellevue Is My Tome, Cutolo; Years from Ten to Sixteen, Gessell; Our Vanishing Landscape, Sloane; Mountains of Pharaoh, Cottrell; Old Testament and the Fine Arts, Maus; Never a Dull Moment, Cassini.

Fiction: Beloved, Delmar; Man With the Golden Arm, Algren; Girl He Left Behind, Hargrove; Charmed Circle, Ertz; Miracle of Merriford, Arkell, Proud Man, Linington; Narrow Ledge, Mercer; The Kiss of Kin, Settle.

The library now subscribes to the Wall Street Journal.

EMPLOYMENT UP

More workers were employed in the construction industry in May than ever before in the history of the state, Ernest B. Webb, California director of industrial relations, announced yesterday. Construction contractors employed 296,600 workers in May. This was 27,300—or 10 per cent—more than in May a year ago.

Pasadena AAUW Begins New Year

The Pasadena Branch, American Association of University Women, the parent branch of AAUW in the San Gabriel Valley, began its 1956-57 year on July 2 under the leadership of Mrs. C. W. Whitson, president.

"Our purpose as an organization is three-fold," Mrs. Whitson stated. Through our fellowship program we advance the cause of education for others, through our study group program we continue the education of our members, and through community service, we put our education to work for the good of others.'"

Included in the list of appointed chairmen of the service and study committees are Miss Jennie C. Tencate, Mrs. William H. Fouke, Mrs. Albert Ellis, Miss Katherine Risser, Mrs. Howard N. Whitney, Mrs. W. H. Lindsey, Mrs. Walter A Barrows, Miss Mabel Canavan and Mrs. P. H. Cate.

Also, Mrs. E. W. Haynes, Mrs. Bernard Hammerbeck, Mrs. D. W. Slaughter, Miss Louise Emery, Mrs. Henry Curtis, Mrs. Martin E. Kantor, Miss Lucille G. Gordon and Mrs. Robert J. Brandt.

FORUM FARE

The seventh year of the Community Forum, sponsored by the Monrovia - Duarte Evening High School, is offering six all-color films and two lectures on eight consecutive Thursdays beginning Sept. 27. The general theme is "Europe's Problems West of the Iron Curtain."

FIRE FLAMES

By JAMES HEASLEY

If you like to figure puzzlers, try arranging the nine digits in such an order that the first three will be one-third of the last three and the middle three the result of subtracting the first three from the last.

THE TEACHER proposed a problem and said: "Now suppose I had $10 and went into the hardware to spend it. Say I bought a catcher's mitt for $5 and paid $2 for a baseball, how much would I have left?"

"Why didn't you count your change?" spoke up Jimmie Tyler's son.

THE GATHERING around Thayer's swimming pool over the Fourth was a happy one. Many attended. No fire calls to interrupt and we feel very lucky. Not that we shouldn't have had one or some.

Reports came in of careless use of so-called "safe and sane" fireworks. We must be cautious with the burning of sparklers. They are pretty after dark, but when they are thrown from the hands of children to land where they may, who knows what a fire may start?

Most of our firemen appear as modern Appollos in a bathing suit, but we must admit that the girls only looked at Louie George. Added to his physique is a permanent wave of blond hair. The rest of the menfolks were occupied looking over Dick Thayer's contribution.

WE WERE MUCH concerned when the fire started in the hills near the old "Half-Way House," close to Sierra Madre. We are surrounded by unburned brush and the somewhat common feeling that "there is nothing up there to burn" may bring disaster if we are not careful. The inflammable material outside our city limits can, and will, burn with the slightest encouragement. Permitting youths to go into the mountains with matches is inviting trouble.

DRIVERS ARE URGED to be very considerate when driving while we are in the process of so much construction work about the streets. Be alert to the sound of the fire siren and make way for the fire trucks. A blockade of a narrow street may mean a long delay.

Lynne Voges Has Party

Lynne Voges, daughter of Mr. and Mrs. Clifford R. Voges, 1105 Valley View, was hostess at a buffet supper and dancing party on the 4th of July.

Included in the fun event were Sally Lauder, Dennis Funderburg, Sarah Carver, Don Haze, Diane Day, Bob Babcock, Lynne Carter, Larry Olson, Sandy Clearwater, Dave Turney, Mary Suman, Rod Day, Karen Paul Butler and Bob Clark.

CHEMICAL ENGINEERING

Several qualified engineers—Chemical, Mechanical or Petroleum—will find opportunities to broaden their professional responsibilities with C F Braun & Co. The work is the application of processes to a wide variety of industrial plants—complete integrated petroleum refineries and petrochemicals plants, and many types of individual process units.

Assignments include coordination of chemical engineering, selection and design of process equipment and machinery, engineering, selection and specification of instrument systems, and startup of completed plants.

Top salaries. Fine facilities. Profit-sharing retirement plan and other major company benefits. Appointments at your convenience. 1000 South Fremont Avenue, Alhambra. CU 3-1131 AT 2-1131

C F BRAUN & CO
CONSULTANTS ENGINEERS CONSTRUCTORS

The low-priced car most like the high-priced cars!

No wonder more people who can afford the best buy Fords rather than any other low-priced car*

Partly, it's Ford's Thunderbird V-8 power—up to 225 h.p. strong! For why, indeed, pay more for power when such a low price buys the type of V-8 that put the "scoot" in America's *goingest* dream car? It's the kind of "git" that won for Ford the Manufacturer's Award for best all-around performance over *all* cars in the big Daytona stock car Championships.

Partly, it's because there's more future in a Ford! Ford's 5-cross-member frame . . . Ford's exclusive angle-poised ball-joint front suspension . . . Ford's variable rate rear suspension are just a few of the "plusses" that give Ford its reputation for lasting and *lasting*.

Partly, it's Ford's quality body construction! People who can afford the best *know* a well built body. They appreciate the things that make Ford's body extra solid . . . extra quiet: rubber-insulated body bolts, the most generous sound-proofing in its field, extra-firm body-cross-bracing . . . to name a few.

Partly, it's the years-ahead way Fords are styled! The sleek, low-slung Thunderbird set the style for every Ford for '56. That means style that will *stay* in style . . . it's that far ahead of the field. Yet Ford is priced with the *lowest!*

Partly, it's the extra protection of Ford's Lifeguard Design! For pioneering this exclusive family of safety features that gives added protection in case of accident, Ford received the coveted Motor Trend Award. But come in! Take a Test Drive. See why the fine-car buyers are going Ford!

***SURVEYS BY LEADING MAGAZINES** show that more people with over $5,000 . . . over $10,000 . . . even over $100,000-a-year incomes own Ford than any other low-priced make.

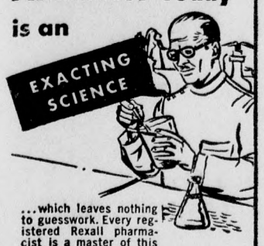

NOW! A FORD with AIR CONDITIONING costs less than many medium-priced cars without it *TRY ONE TODAY!*
Based on a comparison of suggested list prices

FORD *goes first* . . . *in looks . . . in go . . . in safety!*

Pro Stars Set Tennis Clinic, Match July 27

Seven top professional players will stage a tennis clinic for youngsters 17 years of age and under at Cheviot Hills Playground, 3693 Motor Ave., Los Angeles, from 1 to 2:30 p.m. on Friday, July 27.

The free instruction session will be followed at 3 p.m. by an exhibition doubles match featuring the world's best four play-for-pay netters.

The clinic will be staged with the co-sponsorship of the Southern California Professional Tennis Association, and the exhibition tilt has been scheduled through the cooperation of net-tour impressario Jack Kramer.

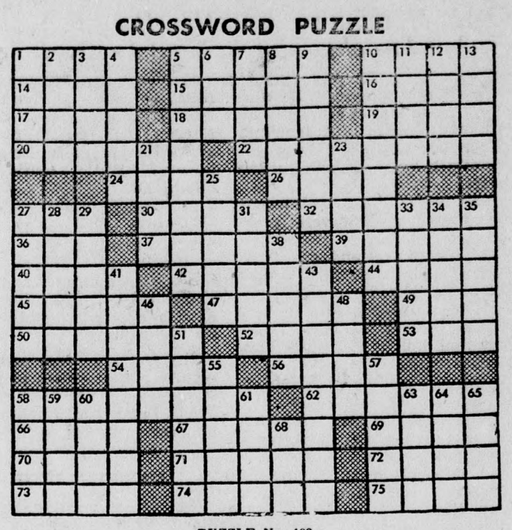

The one-set exhibition tilt will feature Richard "Pancho" Gonzales, currently rated the world's best tennis player, who will join forces with Kramer to oppose Frank Sedgman, the Australian court wizard, and Tony Trabert, former Wimbledon and American National singles champion.

Mrs. Wendell Booth Feted on Birthday

Mr. and Mrs. Gordon S. Templar, 1200 Tropical, recently honored Mrs. Wendell J. Booth on her birthday at a buffet supper.

Taking part in the evening's festivities were Mr. Booth, Mr. and Mrs. Fred Fenton, Mr. and Mrs. Newell Hildie, Mr. and Mrs. Pete Vogel and Mr. and Mrs. John Roberts.

Seaside Service Changes Hands

The Seaside Service Station at 345 W. Sierra Madre Blvd. has changed hands.

Formerly owned by Bill Jack, the service station now is operated by Adolph Sanchez, a Sierra Madrean for the past 32 years who formerly was with the Driftwood Dairies.

The garage on the premises now is owned by Lowell Francis, who took over its operation about a month ago. Mr. Francis also took over Mr. Jack's position as local representative for the Automobile Club of Southern California.

Dr. Deliman Joins Staff at Center

The Sierra Madre Medical Center staff last week welcomed Robert Michael Deliman, M.D., to its group of doctors in general practice and surgery.

Dr. Deliman received a B.S. degree from the University of Pittsburgh and took his M.D. at Georgetown University.

He spent his interneship at Highland Alameda County Hospital in Oakland in 1953-54 and his residency at Permanente Hospital, Oakland.

From Oakland, he went into general practice in Stanton, Tex.

Dr. Deliman and his wife are residing at 242 W. Sierra Madre Blvd.

On the Trails

By Bill Wark

Fixing up our room in the City Hall, practicing up on climbing cliffs and waterfalls with ropes, and taking a first aid course are the activities keeping the Search and Rescue Crew busy and out of trouble this summer.

We consider ourselves adequate hunters and fishermen, hunters for both man and beast. Fishing? Well, we don't dare go with Police Chief Gordon McMillan—he deflates our ego.

HUNTING WAS the second-most-appealing leisure activity among more than 1,000 boys between the ages of 14 and 16, according to a survey taken by the University of Michigan and the Boy Scouts of America.

Parents planning to take their sons with them on deer hunting trips in the coastal season should start planning now for hunter safety training classes. In case the boy or girl has never held a hunting license, a certificate of competence in handling firearms is required before a license can be issued. Department of Fish and Game offices and game wardens can give you the names of the instructors.

There is some advice our crew would like to give to the young hunters and their new .22s. In most cases they will head for the fields and desert in search of ground squirrels and rabbits. Early outbreaks of the Bubonic Plague (Black Death) in California were traced to the ground squirrels. This plague has been maintained in California in the wild rodents, with fleas transmitting the disease from one animal to the other.

Supposedly the escape of rats from ships in California ports spread the disease among our native rodents. If you bag a ground squirrel do not get too close to it.

Rabbits also can be infected with Rabbit Fever (Tularemia), which can be fatal if the germ gets into an open scratch or wound.

If you bag a rabbit do not pick it up or touch it without gloves. The old saying still goes—if the rabbit runs he is OK; if he is slow and sluggish, leave it alone. Also remember, hunting with .22s in Los Angeles County is not allowed. San Bernardino, Riverside and Kern are still OK.

BUD JENKINS went to Dr. Jacobs with a bad case of poison oak. When the good doctor asked him how he got it, Jenkins replied, "On a rescue." Dr. Jacobs gave him a shot and cured it, refusing any payment, a real act of kindness. The whole crew thanks you, Dr. Jacobs.

THE FISH AND GAME boys have OK'd an either-sex deer season in 34 counties. This includes Los Angeles County, season to be Sept. 14-16. We predict more hunting accidents than ever before in these three days. Please tell our Sierra Madre people to keep their pet dogs, cats, chickens, cows, horses, or anything that moves, away from the hunting area at this time.

ART EXHIBIT

The multi-million-dollar Walter P. Chrysler art collection will go on exhibit July 27 at the Los Angeles County Museum, Exposition Park. Included will be such outsize works as the 20-foot panel "Nymheas" by Monet, "La Danse" by Matisse and the works of Rembrandt, Van Dyck, Gainsborough, Picasso, Rubens, Romney and others.

Champion of Champions

The largest known tree of any of the 318 champions of each species located by The American Forestry Association within the United States is the General Sherman Tree, a Sierra Redwood (Sequoia gigantea), growing for more than 3,500 years in what is now Sequoia National Park.

With a base circumference of over 101 feet and a height in excess of 272 feet, this giant is known as the world's "Largest Living Thing.'"

Although both the famous Boole Tree of Converse Basin and the nearby General Grant Tree in Kings Canyon National Park, both Sierra Redwoods, are larger in girth, they are not as tall and have less wood content than the General Sherman Tree.

Local Women Honored by Pi Beta Phi

Two local members of Pi Beta Phi sorority received special recognition at the 40th national convention held recently at the Huntington-Sheraton Hotel.

Mrs. John James, 649 W. Grand View, and Mrs. Harold Carew, 449 Mariposa, were guests at the Golden Arrow luncheon, honoring 41 women who have worn an arrow, the sorority pin, for 50 years or more. They were presented with jewel boxes bearing the sorority crest.

Reba Brewster James was initiated at Denver University in 1899 and Laura Wright Carew was initiated at Boston University.

During convention, Mrs. James also assisted in the Arrowcraft Shop where handicrafts of the Pi Phi Settlement School were exhibited.

Mrs. Cogshall of Louisville, Ky., whose husband is the editor of the Louisville Courier-Journal, served as editor of the Convention Daily and was assisted by Mrs. A. L. Suman of Sturtevant Drive and Mrs. Elsa Davidson of Santa Anita Drive.

Miss Susan Suman was in charge of the skit, "Fashions Around the Clock," put on by the actives from USC when more than 1,000 Pi Phis gathered on the Huntington Pool Terrace for a luau.

Patty Franz was among the girls from USC modeling in this very entertaining show.

Matthew Svilars Visit Relatives

Major and Mrs. Matthew Svilar, former Sierra Madreans, and their three daughters are visiting their family, Mr. and Mrs. William Rhodes, 148 W. Highland, Mr. and Mrs. Ralph Burns and Mr. and Mrs. Ralph Hurwit.

The Major is awaiting orders to report to his new post in Formosa. His family will follow him at a later date.

Ask Ralph About the Family Shoe Club . . . (Adv.)

YOUR HEALTH

By Roy O. Gilbert, M.D.
Los Angeles County Health Officer

When planning a picnic, many individuals go to considerable trouble to prepare food that will be appetizing and nutritious. Unfortunately, the simple rules that prevent food-borne poisonings and infections are not always followed and the picnicker may take several days to recover from the stomach-ache incurred by eating the food served at this informal meal.

Keep it hot, keep it cold—but never keep it warm. This advice about keeping hot foods very hot and cold foods chilled but never at warm, in-between temperatures has been repeated so often that it gives rise to the feeling that the expression should be decently retired. Illness caused by contaminated food occurs with such frequency, however, that the saying is very timely, especially during the warm summer months.

MANY BUSY homemakers like to prepare picnic foods a day in advance and seem to entertain the belief that just because such foods are cooked, it is safe to leave them overnight on the kitchen table or some other warm place since they usually look and smell all right the next day. However, the particular food contamination that causes the usual case of food poisoning does not in any way resemble the ordinary spoilage of food and there is generally nothing to indicate that it is no longer safe to eat. There is no bad odor emanating from such contaminated food, and it usually looks and tastes delicious.

Foods that provide a perfect breeding ground for illness-producing bacteria include such things as cooked meats—particularly tenderized hams, fowls, fish, custards, cream-filled pastries and cakes, cooked salad dressings, stuffed eggs and egg salads, and the ever-popular potato salad—and one of the best ways to get into trouble is to leave the potato salad on the table because the refrigerator is full. All such foods must be properly chilled until brought out for the picnic meal.

INDIVIDUALS SOMETIMES prepare food right at the picnic grounds but this is advisable only in the case of certain foodstuffs. Such items as potato salad or sandwiches can be made just as well on the spot and fruit is always easy to fix and good to eat.

It is more difficult to cook foods like chicken and ham properly when using picnic ground equipment. Many individuals solve the problem by cooking such things at home, then transporting them to the picnic in a portable refrigerator box in which everything is kept satisfactorily cold until people are ready to eat.

If sickness occurs in from two to three hours after eating, blame can be laid on the toxins produced by the food poisoning bacteria belonging to the Staphylococcus family, particularly Staphylococci aureus.

THESE GERMS multiply with great rapidity in such items as salads and salad dressings, chicken pies, cream-filled desserts, and similar foods. Generally speaking, the greater the quantity eaten, the bigger the stomach-ache.

Should illness occur anywhere from 7 to 72 hours after eating, chances are that it is caused by a Salmonella infection from contaminated meat that was either insufficiently cooked or improperly refrigerated. This type of food poisoning is somewhat more tenacious in character and the individual may take as long as 10 days to recover. The symptoms, in both types of poisoning, include vomiting, diarrhea, abdominal cramps, and prostration.

ZINC POISONING may result from the simple and apparently harmless procedure of mixing acid foods or drinks, particularly fruit punches, in galvanized containers. The illness, although not serious, is distressing.

However, a little planning and care in the preparation, handling, and serving of food will take all the bellyaches out of any picnic.

A pamphlet on picnic foods, useful to individuals or groups who like to picnic, will be mailed to anyone who sends a card of request to the Division of Health Education, Los Angeles County Health Department, 241 N. Figueroa, Los Angeles 12, Calif.

The man with the biggest bank account seldom has time to mind other people's business.

DAR Members Enjoy Luncheon

Sierra Madre Chapter, Daughters of the American Revolution, met last week at the Arcadia home of Mrs. James C. Greer, 901 W. Duarte Road, for a potluck luncheon and garden party.

The occasion honored recent new members and several prospective members.

Those in attendance from Sierra Madre were Mrs. Walter Gardiner, Mrs. Frederick Becker, Mr. Al Myers, Mrs. Robert Newberry, Mrs. Thomas P. Rigney and daughter, Phyllis, Mrs. Archer S. Frey, Mrs. Walter Schulze, Mrs. John V. Webster and her daughter, Suzan.

Many chapter members were in attendance from Arcadia and guests were Mrs. J. C. Edsall, Mrs. Ruth M. Haake of Monrovia and Mrs. Glenn H. Van Noy.

Colored pictures were shown of the awarding of the DAR History medal and certificate presented to Raymond Zeuchner at the sixth-grade promotion exercises.

People in pursuit of happiness often sit down and expect it to overtake them.

Mrs. Mary D. Caley Entertains Guests

Professor and Mrs. Arthur P. Fraas of Oakridge, Tenn., and their children, Arthur Jr. and Nancy, were guests of their aunt, Mrs. Mary D. Caley, 233 Ramona, while touring the Southland.

Prof. Fraas was associate instructor in motors at the Aeronautical Institute of Technology of Brazil and is the author of the textbook, "Combustion Engines." He is now with the Atomic Energy Commission of Oakridge, Tenn.

The Fraases were accompanied, on their visit to Sierra Madre, by a brother, Robert Fraas, and his family from Manhattan Beach, Calif.

MICHIGAN PICNIC

The Michigan State annual picnic will be held at Bixby Park, Cherry and Ocean Blvd., Long Beach, July 29 from 10 a.m. to 4 p.m. Sandwiches, pie, soft drinks and coffee will be available.

Any man who applies a sermon to himself is a real good Christian.
